HUDDLE SPOTLIGHT

ST. PETER

We've been seeing record numbers of 60-70 students at our huddles this fall at St. Peter High School. We also have two of our Student Leaders leading a Bible study on the Fridays we don't have FCA. The Holy Spirit is moving in the hearts of our student athletes!

LE SUEUR - HENDERSON

FCA is having a meaningful impact at LSH Schools. On Tuesdays, students meet with their peers in a safe & welcoming environment where everyone is invited—not just athletes. It's a time to engage, grow closer to the Lord, and support one another in their faith. The group is also planning more activities outside of school to strengthen their bond and keep the community connected. It's eye-opening to see how many students are willing to show up, share their faith, and be part of something that brings them closer to Jesus.

PRAIRIE WINDS - MANKATO

At Prairie Winds Middle School in Mankato we're one-year into FCA and have about 20 students coming on Thursday mornings at 7:45! We got warmed up this morning doing the Church Clap.

ST. CLAIR

We average 50 students per Huddle. We've learned physical evidence for the Bible and studied what scripture says about our salvation through Jesus Christ. MSU hockey players came to share testimonies and teach students how to share what Jesus is doing in their lives. Sophomore, Aleya, comments, "I am so glad the Lord worked things out for FCA to come to our school! It's a great way for believers to fellowship with one another and grow in their relationship with Christ!"

Mankato West

FCA meets Friday mornings at Mankato West. Usually a pair of leaders plan a group game and a short Bible study with reflection questions each week. The focus is on how Biblical truth can help students in life, school, and sports. The group also hosted a bonfire this fall and has a movie night coming up! Isaac and Teddy (pictured) are student leaders for the group. They say FCA provides a way for them to talk about their faith as it relates to school and athletics with other Christians in school. It's great that we can fellowship with other Christians at Mankato West.

Albert Lea's huddle this fall has been about transitions. They started out the year with a few weeks of guest speakers which were awesome and inspiring. They have transitioned to FCA's Discovery Bible Study-style huddle which is a new thing for them!! They are excited about how much deeper the table discussions are going!!

Albert Lea

Albert Lea had about 150 students in attendance for Fields of Faith on September 26th. The student leadership team led the evening with 3 students sharing their testimonies.

SC MN MISSION FIELD:

56 Schools

1,375 Coaches

33,156 Athletes

EQUIP HUDDLES WITH:

- FCA Sports Bibles
- Study Resources
- Huddle Coach Training
