* From organic cultivation

white and yellow teas

White teas are characterized by heavy withering and slight oxidation in processing. White tea has anti-cancer and anti-mutagenic properties. We recommend you steep your White teas between 1-2 minutes. Yellow teas are a rare type of tea, which makes it hard to find. It is only produced in China. This tea gets the name because of an extra step, which is a slow oxidation process. We recommend you steep your Yellow tea between 2-4 minutes.

our white and yellow teas

Fuzzy Peach TY80270

Lighter and more rare than traditional Green Tea, our delicious Fuzzy Peach yellow tea offers a delicate and sweet peach flavour.

China White Monkey Tea TW88478

Oolong

Oolong teas are somewhere between green tea and black tea in oxidation. They are processed in two different ways, some are rolled into curly leaves, while some are pressed into a ball-like form. Some research shows that Oolong Teas can help your body to burn fat for energy. Oolong teas are great after several steepings, so you could drink it all day and drink their benefits all day long. We recommend you steep your Oolong tea between 2-4 minutes for the first time, and not worry about the next times you re infused your leaves.

our oolong

Alishan TO604129

Its natural quality of sweetness and complex flavor make it one of the best teas in Taiwan. Light fermentation and roasting can bring out the natural fruity aroma of tea without ruin the depth and thickness of the tea.

10-15% Oxidized

Amber TO804105

Oolong tea popular in Taiwan that is darker than Jade oolong, but still lighter than many oolongs. Amber Oolongs tend to have a robust, earthy flavour, but still have the greener character of the lighter Oolongs.

20-60% Oxidized

Dark Ti-Kuan-Yin TO70428

A complex flavoured tea, with toasty notes and sweet flavour undertones.

10-15% Oxidized

Formosa 'Dung Ti' TO8873

Formosa Oolong's distinctive rolling technique produces intricate layers of unique flavours.

85-95% Oxidized

Formosa 'Tung Ting' TO60447

Green Oolong (baked less than normal oolong) with a mild smooth floral taste, a strong sweet flowery aroma, and a pleasant lasting aftertaste.

20-25% Oxidized

GABA TO60460

GABA stands for Gamma-Aminobutyric Acid, is an amino acid that is produced by the human body. GABA tea has become known and distributed for its health benefits, since it has the highest concentrations of antioxidant catechins, flavonoids and polyphenols.

20-25% Oxidized

our oolong

Memory Crank TO60443

A lovely oolong tea with a hint of ginseng. It brews a light, clear infusion and is mild tasting.

20-25% Oxidized

Milky Oolong TO84044

Our 'Milky' Oolong tea is creamy and smooth! With subtle flavours, this tea is a delicious companion for gazing at the milky way in the night sky.

20-25% Oxidized

Osmanthus Flowers TO60440

Light and smooth body with floral sweetness and subtle oolong flavours.

20-25% Oxidized

Royal Earl Grey TO60453

This Chinese twist on the original blend is a tribute to that innovative tea blender.

20-25% Oxidized

Spring Pouchong TO60434

Pouchong's name literally means "the wrapped kind", which refers to the manner in which it was produced historically, involving wrapping the leaves in paper. Pouchong is usually considered a form of Oolong because it is slightly oxidized, it is a very fragrant "green" Oolong.

8-12% Oxidized

Sweet Seduction TO84045

Oolong tea, Rooibos tea, nougat bits, natural flavour.

Allergy Alert: Contains egg and nut products.

20-25% Oxidized

Pu Erh

Pu Erh teas are referred as aged teas, this is because is exposed to a fermentation process. Pu Erh teas come for the Yunnan province in China. Pu Erh is low in caffeine and improves cholesterol and digestion. We have selected the best Pu Erh from China and blended with fruits, spices and even chocolate! We recommend to steep your Pu Ehr teas between 4-5 minutes.

our Pu Erh
