Forward Together

NAC BOARD'S VISION'S FOR SCHOOLING

3 Main Priorities

1. Increase student enrolment, attendance and engagement.

2. Provide quality teaching and learning programs.

3. Increase community engagement and employment.

Priority 1

Increase student enrolment, attendance and engagement:

* Re-open the secondary sites in Imanpa and Docker River, starting with some days each week.

- Offer a range of engaging secondary programs that meet the needs, talents and interests of these students including assessment of needs by specialist providers.
- Adopt a cutting-edge digital learning plan that affords students applied use of digital learning technologies and media platforms to create and share digital products.
- Provide our students access to role models and mentors through reciprocated exchange programs with other schools and agencies.
- Explore opportunities for Homeland enterprise.
- Employ Anangu and community stakeholders to assist and coax students to the College.

Priority 2

Provide quality teaching and learning programs.

* Recruit, train and retain better quality teachers.
* Involve more Anangu in teaching, learning and training programs.
* Deeply understanding how best our students learn from Anangu.
* Use a highly experienced and well-informed leadership team to lead change.
* Design and deliver a comprehensive 2-Way Learning Curriculum.
* Adopt a comprehensive assessment and reporting framework.
* Inform families and stakeholders of student's progress at staged intervals.

Priority 3

Increase community engagement and employment.

* Co-develop a comprehensive Anangu Workforce Development Plan.

* Involve and inform Anangu regularly.

* Register Anangu for Work and Training.

* Support Anangu staff to improve qualifications.

* Implement a Parents & Friends group at each site.

Research informed Practice

1. Culturally Nourishing Schooling Research
2. Secondary Education Research
3. Digital Learning Research

Projected Impact – Dec 2027

1. 30% more students attending as active enrolments – especially in Secondary Programs.

2. 30% better results across a range of social and academic indicators.

3. 30% more involvement by Anangu in College activities.
