Dear Chairman Brown and Ranking Member Toomey,

On behalf of the Small Business Roundtable (SBR), we write to urge an expeditious confirmation of nominees Lisa Cook and Phillip Jefferson to the Federal Reserve. The Small Business Roundtable is a coalition of leading small business and entrepreneurship organizations, dedicated to advancing policy, securing access, and promoting inclusion to benefit the businesses at the heart of the American economy.

As you know, America’s 32.5 million small businesses are the backbone of our economy, comprising 99.9 percent of all firms and employing 61.2 million workers. The U.S. economy continues to recover from Covid-19, growing at a rate of 5.7 percent last year in 2021, the highest annual rate in over three decades. Small businesses played a critical role in this historic growth, with more than 9.8 million new business applications filed in the last two years.

Through the Federal Reserve’s mandate to maximize employment, stabilize prices, and maintain interest rates, it will play an important part in determining small businesses’ access to capital and overall growth in the years to come. We urge the Senate to hastily confirm nominees Lisa Cook and Phillip Jefferson to the Federal Reserve.

Thank you for your service and dedication to the United States and the more than 30 million small business owners that drive and shape our economy. We appreciate your consideration of this important matter. If you have any questions, please do not hesitate to reach out to elliott@smallbusinessroundtable.org.
