

WOOD COUNTY BOARD OF DEVELOPMENTAL DISABILITIES

Hair Dryer Stand

A hair dryer stand is an assistive device that securely holds a hair dryer in place, allowing users to dry and style their hair without continuously gripping or positioning the dryer. It can provide greater independence, reduce strain and fatigue, and make hair care easier for people with limited hand strength, mobility, coordination, or upper-body movement. By keeping the dryer at a stable, adjustable angle, it can also improve comfort, safety, and ease of use.

Product Highlights

ALLOWS HANDS-FREE
USE

ADJUSTABLE
POSITIONING

HEIGHT ADJUSTABLE
UP TO 36"
