BRUSH SO YOU NEVER
MISS A SPOT

AUTOMATIC PRESSURE
SENSOR

UP TO 7 BRUSHING
MODES

RECHARGES FULLY IN
ABOUT 3 HOURS

The Oral-B iO toothbrush is an electric toothbrush designed to make brushing teeth easier and more effective. It uses gentle movements and smart technology to help remove plaque while providing guidance on brushing pressure and coverage. The powered brush does much of the movement for the user, which can reduce the physical effort needed to brush. Features such as the built-in timer and pressure sensor can also help users brush for the recommended amount of time without pressing too hard. Overall, the Oral-B iO can promote greater independence and support better oral hygiene.
