

WOOD COUNTY BOARD OF DEVELOPMENTAL DISABILITIES

Robo Twist Jar Opener

The Robotwist jar opener is an automatic, battery-powered kitchen tool designed to make opening jars effortless: just set it over a twist-off lid, press a button, and its motorized vice grips hold the jar and twist the lid off for you. It typically accommodates a wide range of lid diameters (about 1.2 – 3.5 inches), making it suitable for most everyday jars. Overall, it's a convenience gadget aimed at reducing strain and enhancing independence in the kitchen.
