QUIET OPERATION

POWERFUL 90°
OSCILLATION

This smart tower fan can provide individuals with disabilities greater comfort, safety, and independence in their home. Its remote and voice controls allow users to adjust the fan without needing to get up or physically reach the controls. The quiet sleep mode supports a comfortable, undisturbed environment, while the automatic temperature adjustment reduces the need for frequent manual changes. The bladeless design also minimizes the risk of injury, and the 12-hour timer provides added convenience and safety by automatically shutting the fan off.
