

WEEKLY NEWS

For Week – 2nd to 6th March 2026

Issue 4

PRINCIPAL MIKE'S MESSAGE

It's going to be a busy week in school with National Careers Week, World Book Day and British Science

Week taking place all in the same week! We are getting excited as our newly refurbished Annexe is nearing the handover date.

If you aren't already following us on our Facebook Page, we would encourage you to do so as we make regular posts on there. It's another way to keep up to date.

THIS NEXT WEEK IN SCHOOL

- It's **British Science Week** from 6th March to 15th March. To kick start this, we have booked 'Science Faction' to visit school to do some science workshops with our pupils- get ready for lots of experimenting.
- On Thursday 5th March we will be celebrating our love for reading on **WORLD BOOK DAY**. Children and staff may come to school dressed as a book character.
- **National Careers Week** – To promote this important national week there will be a number of careers related sessions for pupils to get involved in during the week. The theme this year is '**Own Your Future.**'
- Class 9K will be **visiting Anfield Stadium** for a tour on Monday morning.

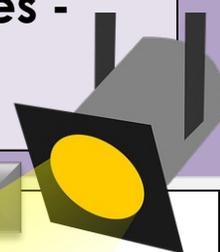

OUR VALUE OF THE WEEK IS -

Responsibility

This National Careers Week, we are encouraging pupils to 'own their future.' Taking responsibility means making positive choices, trying new things and believing that your future belongs to you.

TOP ATTENDANCE – CLASS AWARDS

Well done to classes -
Belong & 10J

LOOKING AHEAD.....

- British Science Week is next week (starts this Friday). We have some science experiments planned for everyone to take part in.
- **On Friday 27th March** (end of this half term) we have our next **Parent Progress Consultation Day.**

CELEBRATIONS & SHOUT OUTS

Huge well done to some of our Year 11 pupils who took part in a three day '**Digital Creator Work Experience,**' at Anfield Stadium. **Daniel Evans, Harry Murphy, Annabella Dean-Rogers, Luke Harris and John Kelleher** displayed so much talent to older students from college settings, who were also taking part. They were a credit to our school and we are very proud of them.

They were visited by digital creator companies 'Adjust Studios' and 'Smiling Wolf,' who do film editing for some of the biggest brands worldwide.
