## WHY THIS MATTERS FOR YOUR HOME

### No six-month gap

A single annual spray leaves your home unprotected for months. Two treatments a year means continuous coverage, with no window for pests to return and

### Break the resistance cycle

German cockroaches are fast-breeding and build chemical resistance. Two targeted hits per year disrupts their cycle before populations recover and treatment

### Prevention beats the cure

A single reactive infestation job can cost \$300 to \$600+. The Guardian Program costs less than that and covers your entire home, all year.

**Get started today, we'll handle everything.**

Ask your technician to get you set up right now. One conversation and your home is covered for the entire year.
