May 15, 2025

Dear Parishioner,

Once again, the St. Tobias Cemetery Association is appealing to you for your sacrificial gift for the maintenance of our parish cemetery. Your gifts help with both regular maintenance and on-going improvements.

In 2024 the much-needed resurfacing of the cemetery roads was completed. The digitization of the cemetery records has been finalized. New lot sales and burials are being added to keep this database up to date. The Committee anticipates future technology expenses of support and hardware to assist those who are maintaining these records.

The most recent (2017) Rules and Regulations of the St. Tobias Cemetery Association has been included in this mailing. Please take the time to read this material and pass it on to family members who may not be parishioners or live out of the area. Your cooperation is requested as the Cemetery Committee assumes the responsibility of assuring that this sacred space is maintained in a dignified and respectful manner.

Our intent is to not raise the price of our graves or perpetual care. Operating expenses have increased. For this reason, we request that you consider a generous gift so that we can continue to adequately fund maintenance and improvements to this burial place for our loved ones.

Thank you,

St Tobias Cemetery Association

Father John Detisch, Pastor

Don Salandra, President

Joanne Geneviro, Treasurer

Fay Trentini, Secretary
