#### **(\*) GREEN BURIAL**

This establishment is one of a select number of funeral homes who meet the criteria for providing green funeral service by the Green Burial Council; a tax-exempt, nonprofit organization working to encourage environmentally sustainability in the field of funeral service. These offerings allow for a funeral to take place without the use of toxic or non-biodegradable materials/chemicals. Caskets and shrouds are made available to enclose and transport the dead. Body preparation suitable for a green funeral service accommodated by this funeral home consists of refrigeration, the use of topical sprays/compounds, or arterial embalming with essential oils. Home wakes, public visitations, church funerals and graveside services are options that may be arranged within the time frame that a green funeral allows.

**BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF** ..... \$ 2,635

This fee for our basic services will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, forwarding or receiving remains.)
