

## ELECTRONICS AND METAL RECYCLING

Helping customers build a robust circular economy and achieve sustainability objectives through reuse, refurbishing, and recycling of computers, laptops, tablets, cell phones, and metals.

### COMPANY OVERVIEW

Didion Orf Recycling is headquartered in St. Peters, MO and has been providing metal and electronics recycling services to its customers since 2001.

As an R2/RIOS Certified recycler, we are invested in responsible and ethical operations.

Didion Orf Recycling focuses on providing full scale e-waste solutions including ITAD lifecycle services, data sanitization, and refurbishment as well as recycling of all ferrous and non-ferrous metals.

### ASSESSMENT SERVICES

Our e-waste team can do an assessment of your electronic waste and create customized solutions that maximize your process and cost efficiencies while creating value from your obsolete inventory.

### E-WASTE SOLUTIONS

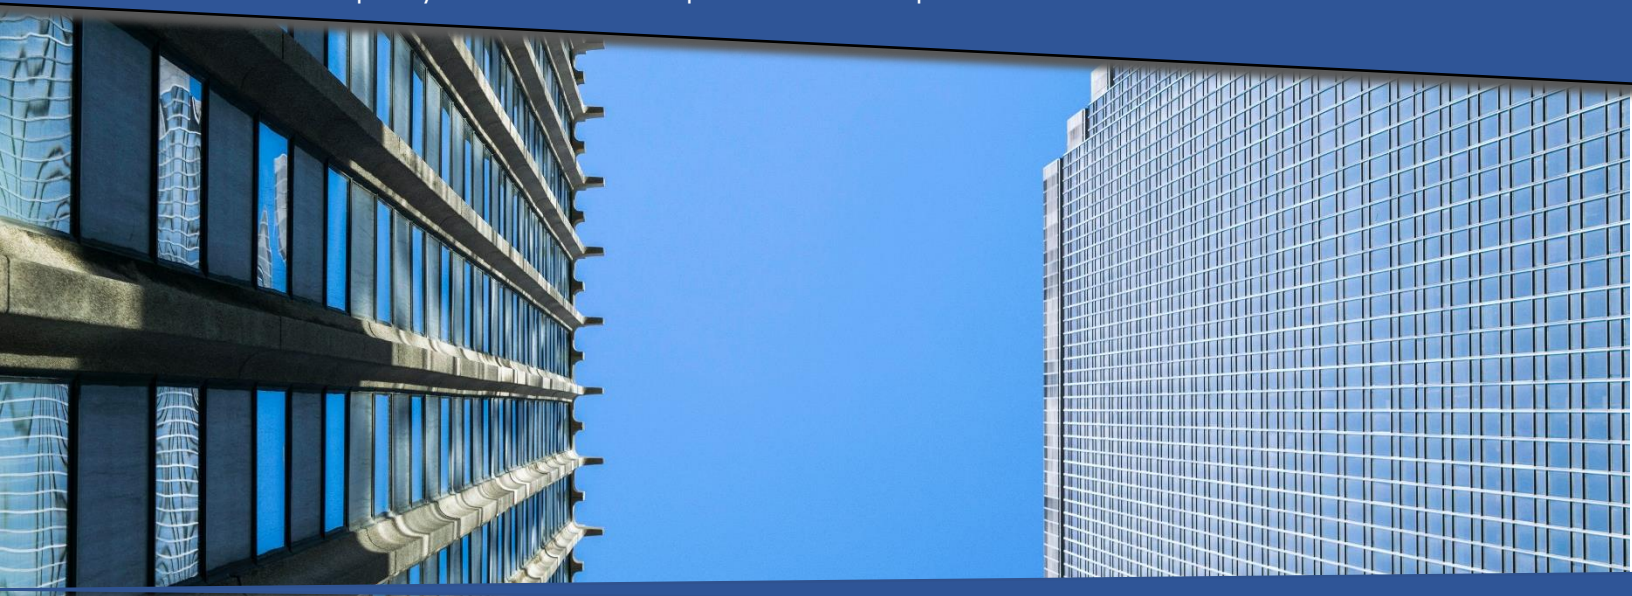

To meet the growing demand for e-waste solutions, Didion Orf Recycling continues to expand our service offerings including:

- |                                      |                               |
|--------------------------------------|-------------------------------|
| 1 De-installation                    | 5 Shredding                   |
| 2 Logistics                          | 6 Hardware destruction        |
| 3 Data destruction                   | 7 Data erasure                |
| 4 Asset disposal, refurb, or recycle | 8 Certificates of destruction |

## QUALITY COMMITMENT

At Didion Orf Recycling, we're committed to exceeding your expectations and ensuring your complete satisfaction. Our experienced team will work diligently with you to ensure the quality of our service is unparalleled and all performance metrics are met.

## EXPERIENCE

### Residential

Didion Orf Recycling welcomes our communities to bring in not only their metal scrap, but any home computers, laptops, tablets, and cell phones for peace of mind that their data is secure, and their carbon footprint remains reduced.

### Business

Didion Orf Recycling is responsible for providing e-waste recycling and data sanitization services to a wide variety of business across the United States. Our R2v3 Certification is their assurance that their data and brand are safe.

### Government

Didion Orf Recycling is currently providing services to several governmental agencies. Our R2v3 Certification insures compliance with domestic and international laws as well as strict data security protocols.

## DEDICATED TEAM

When you work with Didion Orf Recycling, you are working with a team that is dedicated to completing all your e-waste and recycling requirements with the highest industry standards.

We will also assign one of our specialists to oversee your account and serve as your point of contact for any of your organization's recycling needs.
