

Webinar Event Report

Title : The Essential Role and Value of Otoprotection
Date : Sunday, June 22, 2025
Time : 12:30 PM – 3:30 PM (GMT+7)
Platform : Zoom
Organizer : Otorhinolaryngology Department Faculty Medicine Universitas
Indonesia – Ciptomangunkusumo Nasional General Hospital Jakarta

- The webinar successfully brought together healthcare professionals and researchers to discuss the importance of otoprotection in preventing hearing loss, particularly related to ototoxicity in children, as well as the critical role of early screening and timely intervention.
- This webinar is organized by the Department of Otorhinolaryngology – Head and Neck Surgery, Faculty of Medicine, Universitas Indonesia, in partnership with The Union of the European Phoniaticians, The Indonesian Society of Otorhinolaryngologists – Head and Neck Surgeons (Jakarta Branch), The Indonesian College of Otorhinolaryngology – Head and Neck Surgery, The Indonesian Section of the German-Indonesian Society for Medicine and facilitated by Indonesian Clinical Training and Education Center (ICTEC).
- The event began with an introduction by the master of ceremony, followed by a welcoming speech from Ika Dewi Mayangsari MD, ORL-HNS, FICS as the head of Otorhinolaryngology Department Faculty of Medicine Universitas Indonesia. This was then followed by a message from Her Excellency Mrs. Ina Lepel, the German Ambassador to Indonesia, ASEAN, and Timor-Leste, who emphasized the importance of collaborative efforts in raising awareness about hearing health. Subsequently, we were honored to hear opening remarks from Prof. Dr. Berit Schneider-Stickler, President of the European Academy of Phoniatics (EAP), and Priv.-Doz. Dr. med. Prof. (PL) Matthias Prinz zu Schwarzburg, President of the German-Indonesian Society for Medicine (DIGM).
- The event continued with presentations from the speakers, moderated by Tri Juda Airlangga, MD, ORL-HNS, PhD. The topics and speakers were as follows:

- Topic 1 : Treatment options for reducing cisplatin ototoxicity and clinical experiences with sodium thiosulfate
Speakers : Professor Dr. med. Irene Schmid
Professor Kristin R. Knight, MS, CCC-A, FAAA
- Topic 2 : Ototoxicity Monitoring in the UK
Speaker : Dr. Milanka Drenovak, MSc AuD HCPC
- The presentation session was followed by a panel discussion moderated by Ronny Suwento, MD, ORL-HNS, PhD, who also participated as one of the panelists. The session began with the presentation of a clinical case, which served as the basis for discussion.

The panelists included:

- Ronny Suwento, MD, ORL-HNS, PhD
- Dr. Hikari Ambara. S, Paed. Hemato-Oncologist, PhD
- Professor Antoinette am Zehnhoff-Dinnesen
- Professor Dr. med. Irene Schmid
- Professor Kristin R. Knight, MS, CCC-A, FAAA
- Dr. Milanka Drenovak, MSc AuD HCPC
- The event was attended by a diverse audience of 160 participants, including otorhinolaryngologists, pediatricians, audiologists, researchers, and students from Indonesia. Participants actively engaged in the questions and answers sessions, reflecting strong interest and enthusiasm for the topic.
- The following is the recording of the webinar :

Summary

- Lack of uniformity in current practices across the UK
- Lack of guidelines and protocols
- Lack of clinical guidelines and standardisation hinders the evaluation of practices
- Disarticulated services that lack coordination
- No clearly defined roles for each professional lead to the responsibility for the patient being passed from one clinician to another
- Protocols, testing methods, and long-term follow-up practices vary significantly
- Management approaches differ widely
