

2025-2026
CRANDALL ISD

IXL IMPACT REPORT

PERSONALIZED LEARNING USAGE (RLA & MATH)

IXL is used districtwide across core content areas to support instruction and student learning. Educators in Crandall ISD leverage IXL for targeted practice of key concepts, enrichment, tutoring, review, and Tier 2 interventions.

DISTRICTWIDE IXL USAGE

92K+ HOURS

Total Usage in RLA & Math

- 62,090 hours in Skill Practice (67%)
- 19,327 hours in Assessments (21%)
- 2,903 hours in Quizzes (3%)
- 3,669 hours in Group Jams (4%)
- 583 hours in Instructional Videos (%)

Average **44** questions
PER STUDENT PER WEEK

MATH USAGE (GRADES 3-12)

- Average 44 questions/week per student in grades 3-12.
- Goal: 60 questions/week for consistency
- Consistent usage from 3rd to 12th grade

WHY IT MATTERS

- **Personalized Learning**
Students work at their own level and pace
- **Data-Driven Intervention**
Immediate performance data informs instruction
- **Standards Mastery**
Repeated practice reinforces key concepts

IXL supports daily instruction, enrichment, tutoring & Tier 2 intervention
