Originally, Malpie Hoeve was a farm that we took over from Jan's parents in 1995. We still have about 60 Red Holstein Frisian cows and about 5.500 Novogen free-range hens. Children always enjoy it when they see that not only can they play, but they can also take a look at the farm itself. You can see our cows and chickens in various places and can watch our cows being milked from close by.

In 1999, we started making homemade ice cream using our own milk. If you like fresh products straight from the farm, our milk, eggs and ice cream are, of course, available to purchase at Malpie Hoeve.

Our farmhouse ice cream, which is available in all sorts of flavours, is the house speciality. We make the ice cream daily, using our own milk and in the traditional way. We use the best ingredients and you can taste this. Would you prefer lactose-free ice cream? We always have a selection of lactose- and gluten-free ice cream in our assortment.

## CELEBRATE

You're not celebrating until you've been to Malpie Hoeve!  
Do you have something to celebrate? Then make it a special day. We will take care of your children's party down to the last detail. But you can also contact us for other arrangements. Our Brabant hospitality is central. Want to know more? Then take a look at our website: [malpiehoeve.nl](http://malpiehoeve.nl)

## GIFT IDEA

Do you want to give an original gift?  
Then give the Malpie Hoeve gift card!  
Children pay for their ice creams with it,  
but you also pay for your drink after a long walk  
or the box of free-range eggs and fresh milk.
