FIRST ANNUAL CROFT HOUSE SCIENCE FAIR AT EARTHSPRING

Spring has brought something extra special to Pioneer Springs Community School this year… the very first Croft House Science Fair!

Our 3rd and 4th graders have been busy turning their questions into hands-on, creative projects, each one reflecting curiosity, problem-solving, and family-supported learning. Students will first share their work with one another at school on Friday, April 24th, before opening the fair to the wider community during our eARThpring on Saturday the 25th.

Students may also choose to participate in judging, where they will present their projects to a panel of science judges, sharing their thinking and answering questions. No matter the path, every project is a celebration of meaningful, real-world learning and the joy of discovery.
