“Borah Station” Borah Creek Rd, Rocky Glen via Coonabarabran NSW 2357

E : dskangusandcharolais@westnet.com.au Web: www.dskangusandcharolais@westnet.com.au

Directions: Borah Station, 1220 Borah Creek Road, Rocky Glen, NSW 2357

32km west of Mullaley or 34km north east of Coonabarabran on the Oxley Hwy, turn north onto Borah Creek Road, continue on gravel for 12km straight. We are at the end of the road. Follow signs to yards

Showing has been a huge part of our life in Charolais and we have been blessed to have had some great successes but more importantly have made many life-long wonderful friendships. Here's Cheers to all our brilliant mates!!

We cannot thank our girls enough, Donna (now Robson) & Sheree (now Johnson) for being such a large part of DSK. As teenagers when DSK Charolais was started, they played a large part of farm & show life & were always on hand to help with cattle work or be the main show crew. Now that they have their own families & career paths we may not see them as often but they still play a large part in what we do & we very much enjoy seeing the grand kids continue the tradition. XOXO

Lonnie is another constant who has been part of our family since 2004. While he too has moved on in life with his own family, farm & business, he is still part of DSK & always will be & we are forever grateful for his friendship & occasional helping hand when needed. Never a dull moment when the Stone's are around that's for sure. XOXO

Then there is Midget (Jack Russell's rule :). The boss of the whole shebang. Getting in at least 1 photo or video of sale animals each year in her whole 13 years (much to Loopy's disgust haha). What would we ever do without you. Thank you Micheal & Sonya for this blessing.

For Josh, well what can you say!! His love & determination to work with cattle has been unswerving since a young age & we must credit him that & wish him well in his northern adventures. Thanks for the Boullia Rodeo plug too. HAHA. No doubt we will see him back for a short visit come wet season. XOXO

Helen & I invite you to a sad but very special occasion in the life of our beloved DSK Charolais herd. The Whole of Herd sale where all sound females of all ages go under the hammer.

The sale includes a vast array of embryos & semen that has accumulated over time from leading matrons & sires.

Our Charolais herd has taken us on a remarkable journey, winning many champions at Royal Shows up & down the eastern states & also Charolais National events over the years. This culminated in an incredible run at Sydney Royal with 6 Grand Champions in a row.

At DSK, our philosophy is to choose the genetics to breed good females & the top bulls will follow.

Our breeding program has been based on how the Charolais breed gained popularity in the Australian Beef Industry. The breed achieved this with extra yield & performance. In recent times, big gains have been made in finishing ability to meet a wide range of markets. We as a breed need to be mindful of these 3 traits to drive the Charolais breed into the future.

As you appraise our herd you will see a mix of moderate to larger framed females with correct structure & volume while displaying femininity.

These females have an awesome group of spring calves that are showing a lot of promise of growing into good herd sires & quality females & are looking like absolute show stoppers.

The young Autumn calves are outstanding at this stage & growing like mushrooms.

We are really proud of the quality in the joined & unjoined Q & R year young heifers.

A once & only chance to secure females by standout sire, Temana Golden Logie & ANC Kind. These 2 sires are shared with Moongool Charolais & are having a tremendous impact within our herds.

The drought was very hard on us and spanned from December 2016 to March 2020. Initially we fed for herd production & then as the years kept rolling on, we had to feed to survive & retain the best core of females that we could.

The last year saw the age factor come into play & cows that were still in their prime were being sold whether or not they were pregnant, just to fund the future in the young females.

Saying this, the older cows that we have left are something really special & have produced the goods in tough times year in & out. We only have stud females so a lot of the time, our recips have been unfortunate to have cycled on recip day & have had an embryo calf. So if you search for calves on some of our females & find gaps, keep this in mind, but know that cows have to raise a calf here every year in order to keep their place in the pasture. Their own or somebody else's it doesn't matter, just as long as they wean a good calf.

We hope to continue to see everybody at Charolais events with the few embryos that we will keep to try & breed a good calf or 2. So we are not saying good bye to our friends, we are just saying, it's time for a little rest.

We wish everyone well in their selections & all the best for the great future that we know is waiting for these girls to fulfill.

Our most sincerest thanks for the good times.

Chris Knox & Helen Alexander

Pre Sale Inspection Wednesday, 19th May 12 noon to 4pm

Inspections: All live lots will be penned at the Borah Yards by 9am sale day. Private inspections are welcomed & can be arranged prior to sale day at Borah Station, by calling either the vendors or the sale agents.

Pre Sale Open Day: All live lots will be penned at the Borah Yards for viewing on Wednesday, 19th May between 12 noon and 4pm. Inspection is invited.

Independent Advisors: Warren Miller & David Smith will be available on inspection day & sale day to help with any questions you may have on pedigree, confirmation or any breeding or purchase advice.

Warren Miller: We highly regard Warren's opinion. He has bred some outstanding cattle in his career & holds balanced & complete views on beef cattle production & can see the potential in animals, in particular stud stock breeding.

A few years ago he made the move to Fork Lagoon, NE of Emerald where he holds the position of Seed Stock Manager for Hewitt Cattle Co Australia at Fork Lagoon, Qld. Previously well known in the Australian Charolais world and wider circles as the stud manager of the highly regarded Airlie Charolais stud in the Southern Highlands of NSW. Warren managed the Airlie herd for over 10 years & has judged at many Royal shows around the country.

David Smith: There may be no better person to ask about Charolais females than Dave. His knowledge of the breed & seedstock breeding in general is vast & straight forward. Recently retired from many years as manager of Australia's largest registered Charolais herd, he has the added knowledge base of over 50 years in the seed stock industry including Hereford & Poll Hereford & commercial operations. Dave & his wife, Marion reside at their home near Ben Lomond, NSW.

These two gents & our capable stud stock agents will be more than happy to go through the pens with you & answer any questions or give guidance or advice if that is what you are after. Chris & Helen are always happy to answer any questions on particular cows, breeding, history etc. If you have any queries, someone will be able to help you.

Wednesday evening social get together: We are hoping to organise a small get together with drinks & nibbles before dinner at the Acacia Motor Lodge lounge/bar area. We will know more about this closer to sale time.

Accommodation: Acacia Motor Lodge, Newell Highway Coonabarabran, (centre of town)
Ph: 02 6842 1922 or email: acacia10@bigpond.com
Website: www.acaciamotorlodge.com.au

All Travellers Motor Inn, Newell Highway Coonabarabran, (across from Acacia)
Ph: 6842 1133 or email: atmi@bigpond.com
Website: www.alltravellers.com.au

Amber Court Coonabarabran, Newell Highway, Coonabarabran, (closest to Borah)
Ph: 6842 1188 or email: ambercourtminn@gmail.com
Website: www.ambercourt.com.au

Transport: G & S Campbell Transport can help with the co-ordination of transport with representatives available on sale day to arrange deliveries. **Lots may also be taken on the day in your own transport but only after the conclusion of the sale.** For Interstate deliveries, lots will be able to stay on Borah until suitable transport can be arranged.

GW & S CAMPBELL, "Daybreak" GUNNEDAH NSW 2380 Phone: 0429 006 356

or for interstate, FALLS LIVESTOCK TRANSPORT, Lockie Falls: Phone: 0429 826 342

Charolais Youth Discount: A 5% discount will be applied to Charolais youth members with an existing herd & genuine desire to be future Charolais breeders. Please contact Chris or Helen for a chat & for our approval for this to apply, at least 24 hours before the sale.

Insurance: Purchaser to arrange insurance cover where required. A representative will be available on sale day to take care of your livestock insurance needs or contact the selling agents for information.

The Vendors & their Agents take all care but no responsibility for lots after the sale has been made.

Sale Information

Sale Location: At the Borah Station Yards. Address is 1220 Borah Creek Rd, Rocky Glen NSW 2357

Directions: 32km West of Mullaley or 34km NE of Coonabarabran on the Oxley Hwy to Rocky Glen.

North onto Borah Creek Road for 12km to the front gates. **Do NOT believe online maps.**

Entry is ONLY from the Oxley Hwy between Coonabarabran and Mullaley.

Continue through Borah front gates a further 1km to see sale yards on the hill above the hayshed on right.

Sale start: 12 noon, Thu. 20th May. Please bring this catalogue with you to be sure of having one.

Refreshments: All day light refreshments & lunch will be provided by the vendor.

Video Auction & AuctionsPlus: The sale will be conducted under cover & will be a video auction in conjunction with **AuctionsPlus**. Live lots will be on site for physical inspection.

Inspections: All live lots will be penned at the Borah Yards by 9am sale day. Private inspections are welcomed & can be arranged prior to sale day at Borah Station, by calling either the vendors or the sale agents.

Pre Sale Open Day: All live lots will be penned at the Borah Yards for viewing on Wednesday, 19th May between 12 noon & 4pm. Inspection is invited.

Supplementary Sheets: Pregnancy status of females will be available on sale day along with any catalogue alterations or withdrawals & updated DNA results. Be sure to get one when you arrive or look for the supplementary information if you are using AuctionsPlus.

Genetic Lots: After 30 years of using Ced Wise of Ced Wise Breeding Services as our embryo veterinary & bovine breeding specialist, we know the quality & consistency of our frozen genetics are spot on. We have maintained a high percentage of successful pregnancies across the years & feel that with that history we will not be guaranteeing genetic lots. We highly recommend the use of Ced Wise Breeding Services or a respected & qualified embryo specialised veterinarian for implanting.

All DSK embryos & semen lots are stored on farm at Borah Station.

Gary Wilkinson of Wilkinson Breeding Services, Coonabarabran, will be on hand to make changeovers of frozen genetic lots at the conclusion of the sale. Purchasers must have sale receipt details before exchange.

If you would like to bring your tank with you we can facilitate this exchange on the day but only at the conclusion of the sale & with your proof of lot purchase paperwork.

Fertility and Health: Borah Station is JBAS 7 for Bovine Johnes Disease & is a self replacing beef only herd. Ced Wise of Ced Wise Breeding Services has pregnancy tested and breeding soundness evaluated all live lots over 12 months of age. All live lots have been vax with 7/1 & treated with Cydectin Platinum (10/4/21)

Charolais Society Transfers & 2021 HMF: DSK will transfer at their cost, all lots purchased by members with the Charolais Society. Please ensure to include your herd ID and tick transfer required on the Buyers Instruction sheet. DSK is a Spring HMF herd. Purchasers will be responsible for the 2021 HMF fees for eligible females. Spring HMF herds will be invoiced in September and Autumn HMF herds will receive an invoice direct from the Charolais Society after the transfers are processed.

Bid Card System: The sale will be conducted under the bid card auction system with all standard terms & conditions of sale as stated by the NSW Livestock Agents Association & all potential buyers are required to register all relevant details with the selling agents prior to purchase & a delivery & instruction sheet upon completion of the sale for all purchases. No verbal delivery instructions can be accepted & written instructions must have full contact details of delivery location along with legible directions.

Passed In Lots: Please note that the passed in lots will only be sold after the sale by negotiation with the vendors & only to purchasers that have actively been involved in the auction sale.

NLIS: Please note that it is the purchasers responsibility to transfer lots upon receipt unless arranged other wise with your agent.

Covid 19: Please maintain social distancing at all times & use the hand sanitizer and sign in station upon arrival. The sale area is open aired pens and roof only over selling & seating area.

Disclaimer: While every care is taken to ensure the safety of all persons & property the vendors & their agents are not liable for any damage or injury caused or contributed to by us or by any other person whether caused or contributed to or by negligence, deliberate act or unlawful conduct. This applies to the owners, agents & their employees of the business activities of CR Knox & HD Alexander. Persons enter the sale pens at their own risk. Absolutely no children to enter the sale pens. For your safety only able bodied persons allowed into the pens. Cows with calves are unpredictable large animals & all care must be taken when handling or viewing any livestock at close proximity. Information supplied in this catalogue is correct at the time of compilation & the vendor & or agents take no responsibility for unintentional mistakes or interpretations of information supplied.

K15 is a maternal sister to DSK TGL Max M69E who was Grand Champion & Supreme Charolais exhibit at Sydney Royal 2018. Generator cross Sundance females impressed us at the Moongool female sale so we gave him a go. K15 is a moderate framed, roomy female with a cleanly made front end. Has a good breeding daughter in M41, (Lot 26).

Heifer calf at foot, DSK R46E, born 12/10/2020 & sired by ANC Kind K155F.

A real show chance & top breeder potential in this heifer calf.

AI'd to Palgrove Hallmark 12/12/2020

Depastured to DSK Prince P48E from 16/12/2020 to 2/2/21.

M13 is a full ET sister to B9 who is the dam of DSK TGL Max M69E, Grand Champion at Sydney Royal in 2018 & sire to some outstanding progeny throughout the sale draft. A stylish red factor, polled heifer calf at foot, DSK R36E, born 14/9/2020 & sired by Temana Golden Logie G66E, which makes her a full pedigree sister to Max M69 so should be a tremendous opportunity to purchase an excellent breeding prospect. Her last calf, DSK Q9E (Lot 97), shows that M13 is showing consistency in breeding above herself. AI'd to Temana Golden Logie G66E on the 10/11/2020.

Depastured with DSK Q29E from 26/11/2020 to 2/2/21

G78 has been a great breeder over the years which is displayed in this quality heifer calf at foot. A standout type in another daughter P70 (Lot 45) who was awarded Reserve Champion Junior Female at the 2019 Charolais National Showcase. A son, Q42 is one of our better sale bulls & is on display in the sale bull pen & is a bull with a lot of commercial focus. These Caelon daughters are light in numbers but big on impact as they have been very consistent breeders for us.

Heifer calf at foot, DSK R29E born 10/9/2020 sired by DSK Kappa K25E.

Al'd to Temana Golden Logie G66E on 10/11/2020

De-pastured with ANC Kind from 26/11/2020 to 17/1/21

K44 is a cow that definitely would have made her way to the donor pen if we continued. Sired by Baroola D989E, who was only used lightly as a heifer joining sire. He has worked extremely well & we have flushed 2 of his daughters, that is how consistently good his daughters have been. Check out K44's bull DSK Q13 in the sale bull pen & take a good look at her magnificent heifer calf that we are selling next as Lot 6A. From the Polly family that always puts the goods on the ground. K44 is a female that has plenty to offer the breed.

AI'd to Temana Golden Logie G66E on 10/11/2020.

Depastured with ANC Kind K155F from 26/11/2020 to 17/1/21 then DSK Prince P48E from 17/1/21 to 2/2/21.

How special is this heifer !!

Show prospect at the very least.

This is what stud breeding is all about. Now & again that awesome animal comes along and Polly R38 is that. What an outstanding individual. She could be the best Golden Logie has put on the ground & that is saying something.

This heifer combines power & muscle in a very feminine package & an absolutely awesome outlook.

When you look through the catalogue & see the females that Golden Logie has produced, there is no doubt that this young female will have a big impact on the breed.

N70 is the first of the ANC Kind daughters in the catalogue & what a good one. Kind is making an impact breeding excellent types for today's markets. N70 is from the highly potent & successful Flossy family & the daughter of arguably the best of them in Flossy E50. N70 has 2 maternal sisters in M50(Lot 14) & J93(Lot 74). N70 is a moderate female with a very correct structure, good udder & teat setting. An very quiet nature. When you look at her calf, R30 who sells as the following lot, it is easy to realise that N70 has a long & productive life in front of her.

AI'd to Dalmas Casino on 10/11/2020

So Good.

Show Prospect.

Striking, lovely, correct, soft, beautiful. So many words come to mind when you first see this heifer.

A very sweet feminine heifer with excellent structure, great length & oozes with femininity. If you are looking for a top breeder of the future, this could be her with a strong maternal pedigree combining with the females Kappa K25 has produced, you could back Flossy R30 to be your next superstar in the show ring or donor dam in the paddock.

Heterozygous Poll

Herd Ident: DSK N40E

Born: 19/08/2017

Colour: White

Sire Verified

This first calver was tagged to enter our donor program due to the power of her pedigree & just how strong & stylish she has always been. Her dam, B443 was a top cow with an excellent udder & was only sold during the drought as she had produced N40 for us & we had to sacrifice the older females.

DSK TGL Milestone M65 was a powerful, thick made sire & full sibling to Tilly N40 & featured in our 2018 bull sale.

N40 has proven with her first calf, the big future she has in front of her.

Al'd to Palgrove Hallmark on 10/11/2020

Depastured with ANC Kind K155F from 26/11/2020 to 17/1/21 then DSK Prince P48 from 17/1/21 to 2/2/21.

MD SENTINAL RULER G1520 M509416 (OAU S9416E) (P/S)
VENTURON ELLA (VE7 E5E) (P)
VENTURON CHARLOTTE (VE7 C4E)

Power & quality in the pedigree of M10 who is a red factor, homo polled female of great type with tremendous capacity & muscle for a very feminine cow. This young cow passes a lot of performance to her progeny which you would expect with the parentage of dam, G8 being a Royal show champion & sire Golden Logie having sired many Royal show Champions. M10 was the Reserve Intermediate Champion at the 2017 Charolais National Showcase.

She sells with a very stout red factor bull calf at foot, DSK S12E born 18/2/21 & sired by SVY Pilgrim. M10 sells unjoined.

M50 is another Logie G66 eye catching daughter displaying a lot of length with capacity in a very feminine package. Dam, E50, has 3 outstanding daughters in the sale, N70 (Lot 7), & J93 (Lot 74) being the other 2. M50 won her classes at Youth Stampede, National Showcase & Brisbane 2017. Her last calf, DSK R11E will be on display in the sale bull pen. With strength of pedigree & type, M50 should breed some special progeny. Polled, red factor, heifer calf at foot, DSK S14E born 19/2/21, sired by DSK Kappa K25E. M50 sells unjoined.

A special cow & calf unit with a quality pedigree. A moderated framed, red factor, polled female with plenty of thickness & capacity. A Golden Logie daughter bred up from Warren Miller's select female from the highly regarded Airlie Charolais herd. L81 has correct structure with commercial focus & an excellent udder.

An exciting white, polled bull calf at foot, DSK S13E, born 18/2/21 & sired by Venturon Crusty Demon C5E. This is a great young calf that could go places showing loads of potential.

Sells unjoined.

Stunning Show Prospect !!

R23 is a young heifer, correct in her structure with a lot of muscle content & a feminine outlook.

A real headturner in the paddock with a strong, polled head & stylish outlook.

Beautifully balanced, she stands up & shows herself off on most occasions. A real camera hogg.

We have found these Vista calves to be very quiet natured.

You may be tempted to walk past this first calver but when you see the heifer calf at foot that this Flossy female has produced on her first try you will stop & look deeper.

A young, red factor, Kappa female who was reared through tough times & putting all her effort into her stunning heifer calf who sells at Lot 19A.

Dam, G21 was a full flush sister to G23 (Lot 75) & a direct daughter of our foundation DSK Flossy family founder, Pinnaroo Red Fairy Floss S74E that we bought along with Pinnaroo Red Trendie S81E & Glendyr Viola V4E at the Glendyr dispersal in 2002.

N64 is structurally sound, with dimension throughout the hindquarter & a neat udder & teat setup.

Loads of extension & beautiful angularity in this young cow.

This young female will breed well above herself as evident in her first effort.

 ST ANTONIO JULIETTE (MGB S2E) (P)
 MANDALONG RANCHES K50E (RP K50E)

Our Front Cover Cow. Good cows just last forever & some look better with age. F75 is still sound as a bell & breeding the house down. Check out her DSK Max M69 daughter, Q19 (Lot 86) who has perfect structure, length of body & looks to be a star of the future. Full sibling embryo's to F75 sell as Lots 117A & 117B. F75 is a maternal sister to DSK Red Emperor Y13E who was a Grand Champion at the 2005 Charolais National & 2006 Melbourne Royal Charolais feature show & sold to Moongool stud. F75 is the dam of DSK TGL M16 M6E who was Junior under 12 Class winner, Sydney Royal 2017. He is pictured on page 76. Exceptional white polled heifer calf, DSK R50E born 19/10/2020. If you are serious about great females in the Charolais business, don't overlook this very classy unit. Proven pedigree in this cow & she has produced exceptional quality many times herself. AI'd to Temana Golden Logie G66E on 12/12/2020. Depastured with DSK Prince P48E from 16/12/2020 to 2/2/21.

M20 has strength, scale & power second to none in the herd. Cows of this scale are easy to use in a stud because you can use a sire that has traits you look for without worrying about trying to maintain performance. Check out her Kappa K25 heifer, DSK Q6 (Lot 90) who is a lovely, stretchy young female that really appeals. Heifer calf at foot DSK R35E born 14/9/2020 sired by DSK Kappa K25E.

AI'd to SCR Triumph on 10/11/2020.

Depastured with ANC Kind K155F from 26/11/2020 to 17/1/21 then DSK Prince P48E from 17/1/21 to 2/2/21.

L60 is one of our picks. As you inspect the lots & search through the catalogue, it should become obvious the impact that Nandillyan A57 (who was the foundation for the DSK Gina family) has had in our herd. L60 has been in the donor pen this year & will be flushed prior to the sale. Another beautiful styled, big volume daughter of Golden Logie & very correct herself. A very correct & attractive polled, white bull calf at her side, born 12/12/2020 & sired by DSK Kappa K25. Her last calf, DSK Q4 is in the sale at Lot 81. He is a very powerful, strong muscled young sire. Sells unjoined.

DSK VCD Primetime P7E (P)
 April born son of Crusty Demon & first calf of Gina L60E sold as a select yearling in our DSK 2019 bull sale.

A big angular cow here with loads of capacity & volume. An outstanding unit with a thumping red factor polled bull calf at foot. F39 is a daughter of A57, the outstanding founder of our DSK Gina line. 2 outstanding daughters will showcase the strength of breeding & consistency in this old dame, L68 (Lot 40) & Q32 (Lot 99).

DSK R28E, born 7/9/2020 sired by Palgrove Hallmark.

AI'd to Dalmas Casino on the 10/11/2020.

Depastured with ANC Kind K155F from 26/11/2020 to 17/1/21 then DSK Prince P48E from 17/1/21 to 2/2/21.

Purchaser: Price: \$

The DSK Gina Family

Foundation female of the DSK Gina family. Nandillyan A57 was purchased at Bill Dunlop's Bull & Female sale at Molong as a young female. What a tremendous contribution she has made to the DSK herd. As she had no family name, we called her daughters Gina & that is where the DSK Gina line began. A57 was a red factor, moderate framed, polled female with loads of capacity & doing ability & constitution in tough times. A truly excellent udder & teats.

A57 has some 9 descendents in the sale.

What can you say about this wonderful Charolais female. Gorgeous G8 has proven herself in the showing by winning Grand Champion female at Sydney Royal in 2014, then as an outstanding breeder with 3 natural daughters. J3 (Lot 30), M10 (Lot 13), & N15 (Lot 16). G8 is also the dam of our tried & true great homebred sire, DSK Kappa K25E who is the sire of many good progeny throughout the catalogue & sire to many calves at foot. Our impressive young sire in the making DSK Pinay Prince P48E (Lot 82) is another G8 son. Here is a chance to work with a breed leader who is very sound & looks to have plenty of years ahead of her.

Her last calf DSK R22E sired by DSK TGL Max M69E sells as lot 29A.

Flushed on the 14/12/20 for 5 embryos recovered, 3 were frozen Grade 1.

AI'd to ANC Kind 1/3/21.

Depastured with DSK Kind Quarry Q23E from 12/3/21 to 19/5/2.

Max M69E
Sydney 2018

White bull calf that is has not yet been weaned from his mother, Gorgeous G8, but sells as a separate lot. This young sire should breed exceptional progeny as he is the result of joining 2 Sydney Grand Champions with Gorgeous in 2014 & sire, Max M69 that won in 2018. They have proven they are high quality breeders. A young sire with tremendous length & good muscle content with great skin & hair type. Lots of quality here.

N18 is no standout in the paddock but when you study her pedigree you can see why she has proven to be such a standout breeder with absolutely outstanding progeny on the ground in her short breeding career. Just have a look at her polled, bull calf by ANC Kind K155F that sells as the next lot (Lot 32A).

N18's dam, Estelle K12 is an Aga Khan daughter of our top breeding donor dam, Estelle B9 who is the dam of TGL Max M69E (Sydney Royal Grand Champion 2018 & DSK sire).

K12 is also a full flush sibling to Estelle K8 (Lot 70).

Check out N18's outstanding, unjoined heifer, DSK Q24 (Lot 94) who was her first calf & also by ANC Kind K155F.

Don't overlook this young cow as she has a pedigree to excell & has already proven her worth with the 2 spectacular calves on the ground already.

Depastured with ANC Kind K155F from 26/11/2020 to 17/1/21 then DSK P48E from 17/1/21 to 2/2/21.

Stud Sire Potential !!

White polled son of Golden Logie, this is a young bull that is hard to fault.

These Logie sons just keep coming up with the goods.

Good skin & hair type in a smooth structural pattern with flat bone & good muscling.

R24 is a definite show prospect.

Polled, white bull calf at foot, DSK R25E, born
16/8/2020 & sired by DSK Kappa K25E

If we were retaining any females, N52 would be right up there near the top of our list. Dream Girl N52 is of excellent type being very correct with good skin & hair type in an easy keeping package. Dam, H4 (Lot 64) is a valued female in the DSK herd & a proven breeder full of basic down to earth much needed Charolais practical beef production in a balanced & evenly put together package. The Dream Girl line at DSK originated from the Palgrove Dream Girl family in the dam of Glendyr Viola V4 who we purchased at the Glendyr dispersal in 2002. Our Dream Girl family may not be big in number but they are definitely big on quality. We feel these ANC Kind daughters are going to make an impact in the Charolais breed. An absolute cracking good bull calf at foot makes this unit a standout in the sale.

Dream Girl N52 with calf at foot DSK K25 Re-Do R25E

Top line female here, polled, red factor, L19 is a real front paddock cow with plenty of body & capacity & great skin & hair type. L19 is a full sister to DSK TGL Meridian M5E who sold to Vee Jay Downs Charolais Stud where he has been breeding very successfully. From a really strong breeding Yokel, Beatrix dam, D58. L19 sells as a single lot with no calf as she lost her last calf & took it upon herself to foster raise Lacey & Havanah's calf which is being retained by Little Rock Charolais stud. She has done a great job of raising her. The breeding potential of L19 will be on display in the sale bull pen on sale day, Check out the power & outlook of her Kappa son, Q51. AI'd to SCR Triumph on 10/11/2020

We love what the Pilgrim females have done at DSK & when you have a daughter from our foundation Gina cow in A57, she has to be special. Take a good look at her joined heifer Q30 (Lot 88) by Max & you can see K18 has replaced herself nicely. When you search the catalogue you will see the impact the Gina family has had here at DSK. K18 is a moderate frame with volume & capacity coupled with easy doing ability making a wonderful type of female.

A great heifer with a pedigree to match. Dam, J3 (Lot 30) was the calf at foot when grand dam G8 was Grand Champion at Sydney Royal in 2014. P53 was to be our pick for the young senior classes at the Brisbane Royal Congress show. Placed 2nd at the last Charolais National showcase. She was seriously injured under a falling limb in fierce storms during December 2020 which left her partially paralysed for a few weeks & she now shows a small altering to her spine around her high bone. Fortunately it has left no lasting effects for her with her pelvis intact & uninjured. P53 & her calf have re-bounded well with no continuing structural issues. DNA should be back by sale time & there is a good chance that she will be homo polled.

Stylish polled heifer calf at foot DSK R49E, born 19/10/2020 & sired by LT Vista.

Depastured with DSK Kind Quarry Q23E from 3/3/21 to 20/5/21.

Every drop of heifers you tend to single one out & wonder at just how good this one is. P85 is that heifer & was destined to be one of our top Junior show heifers had the Brisbane Royal Congress show gone ahead. P85 is smooth from her nose to her toes with plenty of depth & volume. Just a sweet, feminine outlook with a good udder & a lovely gentle nature as well. See notes on her dam, K10 (Lot 77). Unfortunately P85 lost her calf due to mal-presentation (leg back). She had it herself but we just didn't find her quickly enough. She wanted to be a mother so badly that we tried her with a premature Angus calf that had just been orphaned & she loves that tiny black baby to bits. She sells on her own though as we will be retaining the Angus calf. Sells unjoined.

P73 is our pick if you asked us to name a P heifer with the potential to breed the best. Sired by Golden Logie out of our excellent breeding cow K32 (Lot 76) & from our prolific Gina line. Moderate framed & very feminine with correct structure & a beautifully made & correct udder & teats. We have no doubt that this female is worthy of being in anyone's donor pen. You could put total trust in P73 when you see the strength of breeding behind her & what she has produced in her first calf. Polled, white heifer calf at foot, DSK S1E, born 1/2/21 & sired by LT Vista. Sells unjoined.

P6 is an awesome red factor, polled cow from a top Logie daughter & descending from our strong Polly line. The Polly line has produced some wonderful females at DSK & we have a standout here in P6. This young female is large framed with plenty of length in both neck & body with strong spine & tremendous width. Depth of side & refined shoulder are features of this powerful young female. Lovely Charolais type head, with good udder & teats. This female shows great potential & could be a cornerstone of any herd. Good bulls follow great cows & this one is no exception. White bull calf at foot, DSK S28E, born 1/4/21 & sired by DSK Kappa K25E. Sells unjoined.

BEATRIX FAMILY - Rosedale Beatrix 9

Beatrix 9 was purchased as our 2nd Charolais foundation female & purchased from the Charolais National at Dubbo, as a heifer in 1995. Coming from the Rosedale herd where to this day the Beatrix line features prominently in their annual sales.

Too many great Beatrix's to mention but they are a very solid cow family that are always at the top with progeny each year.

MOONGOOL REFINE 17 (DP2 Z210E)
PALGROVE REFINE 13 (PK M20E)

Another Golden Logie female who is an eye catcher in the paddock. A refined female that is hard to fault with a nice udder. Her maternal pedigree goes back to the great base in our donor, Moongool Refine Z210 (pictured at lot 58).

Impressive, red factor heifer calf DSK S16E, born 20/2/21 by DSK Kappa K25E
Sells unjoined.

One of our favourite matrons & a daughter of S74, founder of the strong DSK Flossy family. Very closely related to our fabulous Flossy E50, dam of Lots 7, 14, & 74.

A good natured cow with sire power. F1 has a good sound udder & raises a good calf every year. Still a very sound cow that re-joins easily & maintains herself well. F1 has 2 daughters in the sale, P63 (Lot 54) & R10 (Lot 107). These 2 heifers are of a high standard with a bright future in the Charolais breed. Excellent young bull calf at foot, DSK S20E born 27/2/21 & sired by Temana Golden Logie G66E.

Sells unjoined.

M12 is an attractive, long necked, big volume cow with outstanding structure & a big milker. Sired by Lanza & from our favourite matriarch, Buttercup (Wendy C31E), who had a stellar show career & has become a prolific donor cow at DSK with plenty of embryo's in the sale. Full sister to DSK M20E (Lot 21) who is one of our highly rated cows that is breeding very well. M12 has a top line young sale bull that will be on display, DSK R5E.

Heifer calf at foot DSK S10E, born 16/2/21, sired by DSK Kappa K25E.

M12 sells unjoined.

H4 is a top cow. Bred in the purple & breeds even better. Just a true & correct type of polled Charolais female with a good udder & loads of milk. Check out her sappy bull calf by ANC Kind K155F, DSK S23E born on the 14/3/21. He is a stunning calf that you would have to expect big things of. H4 has a wonderful maternal pedigree with Z36, one of our favourite Wind daughters & going back to the original Palgrove Dream Girl as the dam of Pinnaroo Red Dream Girl 6. N52 (Lot 38) is a brilliant daughter of H4 & a first calver doing a great job on her calf.

H4 sells unjoined.

Here we have an appealing young female with the basics right. Good head, long neck, spring of rib, wide hindquarter & an udder that will hold up for a long time. What a good old pedigree of cow makers with Aga Khan, Indiana & Wind & from our top cow B9 who is the dam of DSK Max. Then you look at the bull calf at foot & no wonder he is so good with a pedigree of this calibre. Bull calf DSK R33E is a high performer, showing length of body, big hindquarter & strong bone. Born 13/9/2020 & sired by SVY Pilgrim he is showing a lot of presence & sire potential.
 Check out her last bull calf in the sale bull pen, DSK Q8 by Kappa K25.
 AI'd to Palgrove Hallmark on 10/11/2020.
 Depastured with DSK Prince P48E from 26/11/2020 to 2/2/21.

 ROSEDALE BEATRIX 9 (MR P14E) (P)

H82 is a long bodied, feminine female who milks well & is evident by the calf at foot. She breeds well above herself & has a real sire prospect in the Kind bull calf at foot, DSK R48E born 18/10/2020 & sired by ANC Kind K155F. He shows the length of his dam & thickness of his sire.
 Depastured with ANC Kind K155F from 26/11/2020 to 17/1/21
 then DSK Prince P48E from 17/1/21 to 2/2/21.

This flush of the foundation female of our Flossy family with French sire Indiana, produced 3 outstanding females. One was lost as a heifer due to prolapse & the other was only recently sold with G23 remaining as a sound matron. All 3 had excellent udder structure & capacity & G21 & G23 bred consistently. G23 has 2 daughters in the sale, Q27 (Lot 98) & N49 (Lot 43) who has a classy heifer at foot. G23 is very sound due to her correct structure & a class pedigree to deliver good calves for some years yet.

Cream heifer calf at foot, DSK S4E born 9/2/21 & sired by DSK TGL Max M69E.
 G23 Sells unjoined.

If you have come to this sale to buy 1 special female, this should be the one on the top of the list.

Check her 3 progeny in the sale, N27 (Lot 10), P73 (Lot 48), & top stud sire potential R9 (Lot 78). All excellent types & the daughters are breeding & raising great calves.

The Gina family has been awesome here at DSK. K32 is a moderate framed, very correct female with capacity & an excellent milker as with all Encore daughters. Not often a female of this proven performance & potency comes on the market. This female should definitely be in anyones donor pen.

Bull calf at foot DSK S29E, born 2/4/21 & sired by DSK Kappa K25E ia a full brother to R9 (Lot 78). What a female & definitely should not be missed.

Sells unjoined.

Last cow in the sale & K10 is here because you save the best till last. K10 is a female with a lot of outlook & very feminine with a pedigree to breed on. Out of the awesome breeding female, Riverglen T1859 who has done a standout job in the Advance herd & sired by the prolific cow maker in Harvie Jager. Daughter P85 (Lot 47), sired by Golden Logie is one of our favourites & was set for the Brisbane Royal Congress show as our star junior, before cancellation. K10 will calve prior to the sale to DSK Kappa K25E.

Don't miss this last chance to get a top breeder out of the DSK engine room.

Purchaser: _____ Price: \$ _____

JULIETTE FAMILY - St Antonio Juliette S2

The foundation female for our Juliette family was Mandalong Ranches K50 purchased at the Charolais National in 1997 from the St Antonio stud, with calf at foot, St Antonio Juliette S2. While the Ranches line has died out, the Juliette's are a major family thanks to Juliette U1 was the dam of DSK T100 Red Emperor Y13 who was the Supreme Champion at the 2005 National & sold to Moongool stud & then after a joining season we took him to the Melbourne Royal in 2006 where he was Supreme Charolais also before returning to stud duties at Moongool. Juliette U1 has over 28 progeny registered to date. U1 has embryos selling as Lots 117A to 117G.

**DSK GN Juliette U1E****Riverglen T1859****THE DSK RIVER FAMILY:**

Riverglen T1859 was one of the Advance Charolais stud's foundation females & as an aged cow, Steve & Kelly, kindly let us bring her down here & flush her a couple of times. She has produced some really great females & 3 direct daughters sell in this catalogue.

WENDY FAMILY - Pinnaroo Red Trendie S81

The first of this family was the purchase of Red Trendie S81 at the Glendyr Dispersal in 2002. From this we started the DSK Wendy family. A very successful pairing of S81 & Wyoming Wind led to our homebred sire, Aussie Gold A11, sire of Lot 61 & Wendy Z4, & Wendy A10 where our great old donor favourite, C31(Buttercup) came from.

Old Buttercup is still poking about, & we flush her occasionally but can not bear to part with her so she is staying put as one of the very spoilt paddock pets. C31 has embryos selling as Lots 118A to 118D.

**Buttercup**

LINDA - Moongool Z185E

Only 1 daughter from this line & old Z185 was a bull breeder & her only daughter, Linda G4 (Lot 33) has also been a male producer. You can see the quality of this cow come through in her daughter & the way she is producing with the outstanding bull calf she has by her side.

Moongool Z185E

CARISSA - Gunnadoo Carissa X123E

Founded on X123 from Gunnadoo, sired by Gunnadoo Sugar Ray. A female that displayed great length & beautiful skin & hair type. Dam of DSK GQ Bronze Cross, (sired by Gunnadoo Quartermaster), who sold to the Moongool stud & sired Moongool Lazarus L67, selling for the then sale price record of \$63,000.

DREAM GIRL - Glendyr Viola V4E

From the Glendyr dispersal in 2002, we not only purchased 2 Pinnaroo females but we also picked out a young joined heifer that was out of Pinnaroo Red Dream Girl 6 & who came from the original Palgrove Dream Girl, that has been responsible for some wonderful females. The DSK Dream Girl family are not big in number, but they make up for it in quality with our outstanding old matron, H4 (Lot 64) a good representation of this family.

POLLY - Knowldale B43E

Based on a Moongool blooded female purchased at the Knowldale dispersal. A strong group of very breedy females catalogued with some top calves at foot.

Pinnaroo Red Fairy Floss S74E

DSK T100 Yellowstone

THE DSK FLOSSY FAMILY:

Based on this powerhouse of a matron, Red Fairy Floss S74, that we purchased at the Glendyr dispersal in 2002. What an impact this superb female has had on our herd. The dam of DSK GX Zappa who was the Junior & Grand Champion Charolais at Brisbane as a calf, & DSK T100 Yellowstone who was a class winner at Sydney Royal as a calf & sold privately to Palgrove. Both Flossy & Wendy line foundation females were sired by Pinnaroo Red Ruler & were very similar in make up. Big, strong & long with huge capacity & milk. Plenty of Flossy females feature in the sale with this being one of our most successful families.

Stud Sire Prospect

When you look for a sire, you look for a consistent cow & family line & a pedigree that combines performance, good constitution & is full of impressive animals.

Royal Flush has that in spades. R9 is from one of our most consistent females, K32 (Lot 76) who is a daughter of Nandillyan A57 who was the foundation female of our Gina family.

R9 is a moderate framed, but high performance youngster combining muscle & softness. A strong, sires head with good skin & hair (very silky) type which you expect from such an easy doing individual.

Plenty of milk in the pedigree with Pilgrim, Gorgeous, Encore & A57. His dam, K32 is an excellent milker with a very nicely made udder & teats.

A complete young sire for the modern day Charolais & with a very strong pedigree.

Red Rob is an early maturing, very strout & muscular, polled, red factor young sire who will add weight & muscle to his progeny.

Dam, J93 (Lot 74), consistently produces this type of progeny & has another cracker of a calf on her. J93 has 2 maternal sisters in the sale in M50 (Lot 14) & N70 (Lot 7) who are outstanding females.

The maternal side of R12's pedigree is packed full of wonderful cows from the illustrious Flossy cow line.

MOONGOOL REFINE 17 (DP2 Z210E)

Q29 is a young polled sire that we have a lot of time for. A good skin & hair type along with a good side profile make Quickshake a very balanced bull. Good scrotal, good feet, clean shoulder & a powerful head make for a complete bull.

Once again a strong pedigree to match a good bull. The maternal side going back to our foundation Refine cow, Z210 who was sired by Palgrove Murdock.

Dam, L43 is Lot 72.

As you can see throughout the joining details in the catalogue, we chose Quickshake to mate to a select group of 8 sale females & our intention was for him to replace his sire Kappa, as one of our herd sires. He was with cows from 26/11/2020 to 6/2/21.

Q4 is another high potential young sire coming from the esteemed Gina cow family. Q4 is a powerful young sire with a strong muscle pattern & good bone. He has a lot of presence & is very structurally sound. A thick & powerful looking sire from a really good dam who is in the donor pen. Dam, L60 (Lot 25) is a moderate framed, very correct female with plenty of body & capacity. A good shaped udder with plenty of milk. A top young sire from a great female line.

Venturon Gorgeous, well she has done it again. After the huge impact that Kappa K25 had on the herd, when Pinay Prince came along & polled, we were excited & thought he had huge potential as our stud sire. Gorgeous has proven herself as a superior matron & we all know the great job Pinay has done with his daughters.

A big framed bull with a strong muscle pattern & beautiful silky hair & loose skin. An excellent sires head & good feet & legs.

At 17 months he weighed 874kg, had a scrotal measure of 37cm. Fat measures of 9mm (P8) & 5mm (Rib), 133 sqcm EMA & 5.4% IMF.

A high performing, powerful sire with outstanding temperament & a first class pedigree. Prince was used over the summer joining season & we had to put him with almost all the Charolais females (not heifers) for the last month as we had to pull Kind in with a bad greasy heel. He came out of the cows on the 2/2/21 & has been doing like steam since. A very easy doing big bull.

This is an attractive & very correct, red factor, polled female with an interesting pedigree. This heifer was missed at joining with her group but we thought with her outstanding type, we would give her 1 cycle with the bull. Her pedigree combines plenty of strong individuals that should make for predictability. Loads of maternal strength behind her with G8 on the top side & Beatrix & Wendy lines on the bottom. Sells joined to DSK K25 Quickshake Q29 (Lot 80) from 14/12/2020 to 6/2/21.

A great young, joined, heifer here in Polly Q16. The first sired by Max with only 7 in the sale & they all show lots of potential. From a consistent breeding family. Dam, H74 (Lot 4) has bred well & sells with another top heifer at foot. We just love the make of these Max females & this one should make an outstanding Charolais matron. The late afternoon photo does not do her justice. Make an effort to pass by this pen & see the quality of young females on offer. Al'd on 17/10/2020 to LT Venture & is PTIC.

Oh So Good !!!

Q19 is a top Charolais matron prospect, being by Max as her sire from our fantastic front cover model, Juliette F75 (Lot 20). Q19 is a long bodied, strong spined & great spring of rib & width of hip. Great pelvic structure & beautiful on her feet & legs. A very correct skeletal pattern. Good soft muscle pattern but still super feminine. She is one of those heifers where you struggle to find a fault. Check out the full sister, (white version) at foot on her dam.

AI'd on 17/10/2020 to LT Venture & is PTIC.

If you are looking for a top red factor young female then Q28 should be in your sights. Q28 is a daughter of M8 (Lot 12) who is one of our favourite Golden Logie daughters & impresses with her length & strength of spine, thickness of hindquarter & great udder & teats. It looks like she has passed all of those attributes on to this top shelf daughter.

Q28 has smoothness with power & muscle while displaying a real breeder shape.

The Flossy family has proven to be a really potent force at DSK.

AI'd on 17/10/2020 to LT Venture & is PTIC.

There is only a handful of these Max daughters & Q30 could be one of our picks.

A lovely, wedge shaped heifer with plenty of barrel & depth of rib. Loads of hindquarter width & depth in an easy doing clean muscled package. This heifer is always taking your eye when you are passing through the paddock. Well balanced & very feminine. Her dam, K18 (Lot 41), is a daughter of our Gina family founder, A57. The Gina family have proven themselves a dominant force in our herd. Q30 has a pedigree top heavy with brilliant proven females & breed dominant cow making sires.

Beatrix Q20 is living proof, that honest, middle of the road, functional breeding females like her dam, Beatrix M80 (Lot 69), can produce some exceptional progeny when you use the right mix of sires. Q20 is an outstanding type with smooth shoulder, strong spine & shows a really nice udder developing. Check out the bull calf on dam, M80 (Lot 69) & see the consistency of this pedigree. When you look at the job these first calf Kind daughters are doing, Q20 should be a good milking mother as well. Grand dam, C69 produced some very good sale bulls with one being sold to Kenmere Stud.

Estelle Q26 is a young female with a strong muscle content, yet sound on her legs & feet with a beautiful clean skin & hair type. Showing nice udder development & a smooth shoulder for a heifer with this power. Dam, M36 (Lot 57) is a consistent breeder with another stylish heifer calf at foot this year. With the muscle content in this heifer, she will join well with a variety of sires & maintain that soft muscle expression that the Charolais breed has built on in Australia. Q26 is a 3/4 sister to Q24 (Lot 94) AI'd on 17/10/2020 to LT Venture & is PTIC.

If we were awarding a best & fairest, Estelle Q24 would probably get the most votes. What a superb young female, just packed with volume, capacity & muscling while maintaining a clean shoulder & a feminine outlook. These Kind daughters will Kick Goals in the future. Q24 is the first calf of dam N18 (Lot 32) & then she backed it up with an excellent bull calf R57 (Lot 32A). Three ticks on this one before you even see her.

These Max heifers look so good & this one is a standout in our eyes. Great length combined with strength & long neck with a clean & refined shoulder. Her dam, G43 is a beauty who breeds well to any bull & sells as Lot 9 with a great bull calf at foot. When you study the pedigree of this heifer you can see why she is so good. Most people pick Q3 as the lead unjoined heifer. Sells unjoined.

 DSK LTR DREAM GIRL X3E (DSK X3E)
 GLENDYR VIOLA (CV V4E) (P)

Q47 displays the length of body & smoothness we look for in our females. A good polled head, & smooth lines with length & width, sets this heifer up to be a really good breeding female. From the Dream Girl line which we bred from the Palgrove Dream Girl matron who was the dam of Glendyr Viola V4 that we purchased at the Glendyr dispersal in 2002.

Sells unjoined.

The class & potential of these Max heifers is again definitely on display in this young female. Her dam, J31 (Lot 61) was the dam of our lead 2020 sale bull, DSK TGL Proxy P29 & was admired by many for his shape & sirey outlook. The Carissa cow line produced, DSK GQ Bronze Cross B20E, who sold to Moongool Charolais & produced Moongool Lazarus L67 who sold for a then record breaking \$63,000 in 2017. R1 is a heifer displaying great length & correctness & is one not to miss.

S15 is a young ET heifer calf with outstanding potential being a full blood sister the DSK J15E who was a natural calf of G8 & who won the Supreme Exhibit at the 2015 Youth Stampede under judge Jason Salier. J15 went on to sell for \$9,000 as a heifer at our DSK Charolais Shed sale that we held in the lanes at Sydney Royal in 2015. S15 is a very similar type to J15 & from our donor G8 who has produced well at DSK. An exciting prospect from one of the best matrons at DSK & by a cow maker sire in Pilgrim.

S15 is on an Angus recip that the vendors wish to retain, so S15 can remain at DSK at no cost to the purchaser until delivery can be made after weaning.

Palgrove Estella 31 - Foundation of the DSK Estelle line

The first Charolais female for DSK was N230. Purchased at the Sydney Royal Topline sale after winning Junior Champion Female. Tremendous ET donor & had a big impact with many show winners & breeders doing well in many studs. Influential daughters in the DSK herd have been Z6, Z12, & B9. Just a few of the many top breeding females from this Estelle line. With over 79 progeny registered, she has been a true foundation to the DSK herd.

Yabba was the natural AI calf from old Telly that led us to create this very successful pairing. Yabba was sold to Rosedale stud as a calf under 12 months & they used him very successfully for many years, using him as their go to calving ease sire & producing very maternal daughters.

Estelle Z6 was a later embryo of this flush who was a tremendously successful donor female in our herd & has had both sons & daughters forge very successful breeding careers of their own.

NATIONAL VENDOR DECLARATION (CATTLE)
AND WAYBILL - eNVD

Print date/time:

C0720 40375154

This form cannot be used where eligibility for the EU market is required.

Part A To be completed by the owner or person who is responsible for the husbandry of the cattle.

Owner of cattle C R Knox & H D Alexander

Property/place where the journey commenced 1220 Borah Creek Road

ROCKY GLEN NSW

Property Identification Code (PIC) of this property NA160188

Description of cattle

Number	Description (breed, sex, & other product codes)	Brands or Earmarks (if present or required)
146	Charolais cows & calves - CowAndCalves : F	
29	Charolais - Heifer : F	
5	Charolais - Bull : M	
180	Total	

Consigned to C R KNOX & H D ALEXANDER

ROCKY GLEN NSW

Destination (if different) of cattle ROCKY GLEN NSW

Destination PIC (REQ: WA & TAS) NA160188

NLIS devices used on these cattle Number of ear tags 180 Number of rumen devices

Details of other statutory documents relating to this movement e.g. health statement

DOCUMENT TYPE NUMBER OFFICE OF BIRTH EXPIRY DATE

- Have any of the cattle in this consignment ever in their lives been treated with a hormonal growth promotant (HGP)? (Use a second document for mixed consignments.)
Yes No
- Have the cattle in this consignment ever in their lives been fed feed containing animal fats?
Yes No (See Explanatory Notes)
- Has the owner stated above owned these cattle since their birth?
Yes No If No, how long were the cattle obtained or purchased?
(If purchased at different times, tick the box corresponding to the time of the most recent purchase.)
A. Less than 2 months B. 2-6 months C. 6-12 months D. more than 12 months
- In the past 60 days, have any of these cattle been fed by-product stockfeeds?
Yes No If Yes, attach a list of the by-product stockfeeds, date when last fed and a copy of an analyst's report if available.

Answers that are too long to fit within the printable space are marked with "Refer to attachments page". The attachments page is available from page 2 of the print-out provided. You can also access this declaration record, including the attachments page, electronically. To find out how you can do this, go to www.nfa.com.au/nfa

- In the past 6 months have any of these animals been on a property listed on the ERP database or placed under any restrictions because of chemical residues?
Yes No If Yes, give details:
- Are any of the cattle in this consignment still within a Withholding Period (WHP) or Export Slaughter Interval (ESI) as set by APVMA or SAFE MEAT, following treatment with any veterinary drug or chemical?
Yes No If Yes, give details: (Record additional details in question 9)
Cydectin Platinum 09 / 04 / 2021 42 42
- In the past 60 days, have any of the cattle in this consignment consumed any material that was still within a withholding period when harvested, collected or first grazed?
Yes No If Yes, give details:
- In the past 42 days, were any of these cattle
a) grazed in a spray risk area; or
b) fed fodder cut from a spray drift risk area? (See Explanatory Notes for definition of spray drift risk area.)
Yes No If Yes, Date sprayed: / / 20
- Please include any additional information below
eg: vaccination programs, animal health certification, additional declarations, etc.

Declaration

I Helen Alexander 1220 Borah Creek Road

ROCKY GLEN NSW

declare that, I am the owner or the person responsible for the husbandry of the cattle and that all the information in part A of this document is true and correct. I also declare that I have read and understood all the questions that I have answered, that I have read and understood the explanatory notes, and that, while under my control, the cattle were not fed restricted animal material (including meat and bone meal) in breach of State or Territory legislation.

Signature Helen Alexander Date 09 / 04 / 2021

*Only the person whose name appears above may sign this declaration, or make amendments which must be initialed.

Tel no. 0438600276 Fax no.

Email dskangusandcharolais@westnet.com.au

Part B To be completed by the person in charge of the cattle while they are being moved. Completion of this part is optional in SA and VIC.

Movement commenced: / / 2021 (am/pm)

Vehicle registration number(s)*:

I am the person in charge of the cattle during the

movement and declare all the information in Part B is true and correct.

Signature Date / / 20 Tel no.

*When more than one truck is carrying the cattle, other vehicle registration numbers are to be recorded.

NATIONAL CATTLE HEALTH DECLARATION

V: 02/05/18

Property Identification Code (PIC) of this property NA160188

This MUST be the PIC of the property that the stock is being moved from

Attached to accompanying NVD/Waybill No. 40375154

Biosecurity and health information

- Has the owner stated above owned all the cattle in this consignment since birth? Y N
- Does the property of origin have a completed on-farm biosecurity plan? Y N
- Have these cattle been tested for the presence of pestivirus antigen?
If tested, were any cattle found to be persistently infected? Y N
- Have these cattle been tested for the presence of pestivirus antibody?
If tested what percentage of the tested cattle were antibody positive? Y N
- Has the property of origin had an occurrence of clinical Johne's disease (JD) in any species in the past five years? Y N Unsure
J-BAS of 7 (Optional)
- On the property of origin, have cattle been co-grazed with dairy cattle? Y N Unsure
See explanatory note for advice on co-grazing with non-bovine species
- Has the source herd had a JD test? Y N Pending
If so, which test? Check Test Sample Test Date / /
Was the result negative? Y N
- If dairy cattle, the consignment has a Dairy Assurance Score of:
Part A (herd base score) Part B (cell credits) Part C (Total Dairy Score)
- Any other relevant health information

40375158

Treatments	Product	Date of treatment within last 6 months
Drench or pour-on	Cydectin Platinum	09/04/2021

Owned in partnership with Moongool Charolais stud. What a potent sire he has proven to be over the years. Progeny have won Grand Championships 8 times at Royal & National shows. Twice at Brisbane Royal in 2016 & Sydney Royal in 2018, Logie has sired both the Junior & Senior champion bulls which is a unique achievement.

Daughters too have won at shows as heifers, & as working cows they are really producing great progeny as you will see throughout the catalogue with Logie daughters being our biggest representation of females. Limited semen has sold to \$550/ per straw, donated by DSK & Moongool for Charolais Youth events & no more will be released in this amazing & proven super sire. An exceptional sire of quality Charolais progeny with a show winning record by progeny that is unequalled in Australia.

Temana Golden Logie G66E

DSK TGL Legacy L34E

Junior & Grand Champion Sydney Royal 2016, Dubbo Charolais National show 2016, & Brisbane Royal 2016. Interbreed Champion pair Brisbane 2016. Purchased as a calf at foot by Moongool & Elite Charolais.

Purchased for \$18,000 in partnership with Moongool to support our other shared sire, Gold Logie. We have not been disappointed. He was the heaviest bull in the ANC sale with a good smooth muscle pattern & soft skin & silky hair coat. He is putting all these attributes into his progeny as well as being born easy & performing very well.

First progeny at DSK produced Kind-A-Neat N46 who was the heaviest bull in his class & was Grand Champion Bull at the Charolais National Showcase in 2019. Kind progeny also won the Sire Progeny class against strong competition.

Kind has been a revelation with some outstanding sires at Moongool also, that have achieved strong buyer support, topping their 2020 bull sale.

He performs on the hook too with a DSK milk tooth steer shown at Sydney Royal Steer show 2019 and placing 2nd in a very large hoof class & going on to win the taste test for his class with a marble score of 3.

When you look at the young Kind females in the catalogue you have to conclude that he does a great job of producing top females when you see the standard of the calves that his daughters have at foot. His new batch of young calves are looking like they could be his best yet.

Max has produced some absolutely outstanding progeny as you will see when you look through the young females & calves. Exceptional skin & hair type with loads of length & amazing width, strength of bone & structure. Only a limited joining due to injury. Dam, pictured below. Max is a maternal sister to Lot 1 & Lot 70.

A moderate framed sire with very easy finishing ability and calving ease. Son of our standout donor dam, Venturon Gorgeous (Lot 29) who was Grand Champion female at Sydney Royal in 2014. Kappa produces progeny of moderate frame with good muscle shape & softness. Smooth & clean skin & hair. Good temperament. His daughters are milking well.

Reference Sire **LT VISTA 5319 (P)**

Herd Ident: OAUL5319E **Born:** 29/03/2015
Colour: White **H/P:** Homo Polled

Comments: Used as a calving ease sire for first calvers. Great temperaments & soft easy doing carcase & quality. Fine hide, & silky hair type.

Vista provides scrotal & eye appeal with beautiful shapely polled heads. Progeny should slick off early and maintain easy fleshing ability

DSK's pen of three double

2009

By CARLA WIESE-SMITH

PROVING their win last year was no fluke, Chris Knox and Helen Alexander, DSK Charolais stud, Coonabarabran, last week won the Cargill pen of three steers grand champion at the NSW Beef Spectacular, Dubbo, for the second year in a row.

Following their convincing win in the export hoof section, the milk-tooth August/September 2007-drop steers, which averaged 645 kilograms, progressed to take top honours on the hook.

Chris and Joy Haycock, Pine-Villa stud, Yeoval, received the reserve champion hoof ribbon with their second-placed Red Angus export category entry.

The pen of DSK steers were all by Charolais sire, Gunnadoo Xception X23E – one from a purebred cow, another from an Angus, and another from a crossbred Charolais/Angus cow.

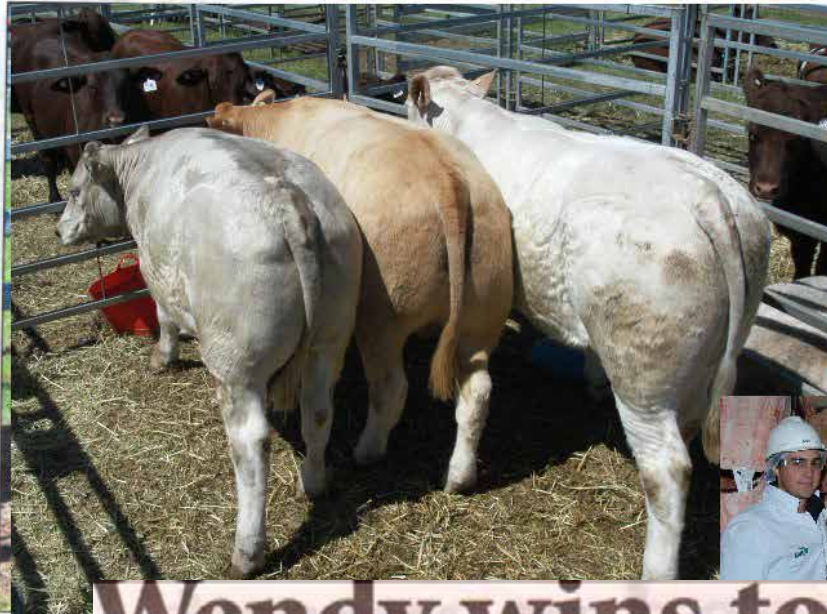

The steers had been grain fed for 110 days.

"The competition is very commercially viable, focusing on the end result," said stud principal, Helen Alexander.

"What we are breeding for is a hort fed animal, which is what we economically need to produce in temperate Australia for the prime heavy domestic trade."

Along with its Charolais and Angus stud cows, DSK stud also runs 200 commercial Charolais and Angus crossbred breeders which derive from the stud's "bottom end".

On the hook, the DSK team scored 255.5 from a possible 300, with the top steer of the draft and best carcass scoring 89 from 100. Reserve champion pen of steers

LEFT: Grand champion pen of three steers, exhibited by Helen Alexander and Chris Knox, DSK studs, Coonabarabran.

BELOW: Cargill Beef export co-ordinator, Matthew Clark, Wagga Wagga, and hook judge, NSW DPI beef officer, Jeff House, Forbes, with the grand champion pen of three carcass.

Wendy wins top sash

By ADAM VIDLER

IT WAS tough competition in the

Champions

Senior and grand bull: Palgrove Beckham, Alpine Charolais, Dungog, and Douglasdale Charolais, Wye; Res: Outback Bonzer B5E, Elstow Charolais, Baradine

Junior bull: DSK M.Y. Charger C53E, DSK Charolais, Coonabarabran; Res: Douglasdale Viagra, Douglasdale Charolais

Senior female: Elstow Sundowner Ranches Z8E, Elstow Charolais; Res: Elstow Bonne C32E, Elstow Charolais

Junior and grand female: DSK R.E. Wendy C31E, DSK Charolais; Res: DSK N.D. Estelle D5E, DSK Charolais

Margaret McConaughy, Elstow Charolais, Baradine, sashes the grand champion Charolais female, DSK R.E. Wendy C31E, held by Chris Knox, DSK Charolais stud, Coonabarabran.

The Charolais breed had another big moment in the group interbreed where a team from Chris Knox and Helen Alexander's DSK Charolais stud, Coonabarabran, cleaned up.

The team was led by Moongool Yokel son, DSK M.Y. Charger C53E, the winning interbreed bull from this year's Royal Canberra Show, which was also placed ahead of Beef Spectacular's champion interbreed bull, Beckham, in the Canberra Charolais feature breed judging for supreme bull.

Charger C53E weighed 754kg at 18 months at Dubbo.

This all made for some healthy ringside discussion and for a tidy group when the two heifers, including DSK R.E. Wendy C31E and DSK N.D. Beatrix D5E, were lined up with the bull.

Wendy C31E was by DSK Red Emperor, which sold for \$19,000 at

DSK RE Wendy C31E 2nd in the Interbreed Champion Female

the breed's 2005 national show and sale and was from last year's senior champion Charolais female at Sydney Royal Show, DSK W.W. Wendy A10.

Now 20 months, Wendy C31E was a calf at foot on A10 at Sydney last year and was also the reserve junior champion Charolais female at Canberra 2009.

Beatrix D5E was the baby of the team at 10 months and was a daughter of US import, E.C. No Doubt from donor cow, Pearl Beatrix S9.

Sire: DSK Red Emperor Y13E
Dam: DSK WW Wendy A10E

DSK Charolais Champion Interbreed Breeders Group

Chris Knox and Helen Alexander, DSK stud, Coonabarabran.

DSK M.Y. Charger C53 was a solid 720 kilograms at 17 months by the sire, Moongool Yokel, which DSK bought for \$12,000 from Keddstock Pty Ltd's Moongool stud, Yuleba, Queensland.

The junior champion Charolais heifer at Canberra, DSK M.Y. Viola C43E, was also by Yokel and the interbreed win by Charger was a good start to the stud's 2009 showing campaign, with the NSW Beef Spectacular, Dubbo, and Rockhampton Beef Week to come.

Charger's dam, DSK A.H. Beatrix X13, was from the Rosedale Beatrix cow line, a foundation family of the DSK Charolais herd.

Adding to Charger's depth of breeding was X13's sire, Ayr Huelva Hussler, which was also the sire of the 2005 supreme exhibit at the Charolais National Show and Sale, Tamworth, which sold to Moongool stud for \$19,000.

This was the first team shown by DSK at Canberra, and to make the

stud's presence felt, a bull from DSK Angus stud, DSK A.B.E. Clifty, was placed equal third in the interbreed bulls.

Clifty was an 18-month-old son of DSK H.L.E Atomic Big Ears - the junior champion Angus at Sydney Royal Show two years ago.
