

# HOW TO CUSTOMIZE YOUR FUNDRAISING PAGE

1. Log into your CrowdChange account [here](#) and click on the “Participant Center” button.

2. Choose to edit either your team page or your personal page.

*All of the following steps are applicable to both team pages and personal pages.*

3. Click “Page Settings” in the black menu on the left side of the screen.

4. Now you are on the “Edit” screen for your page. You can edit the following:

- Your name - this is the name displayed on your page;
- Your fundraising goal;
- Your page link - by adding a custom link you can access your page easily;
- Your page description;
- Your page image or video.

5. Once you have made all the edits you would like, make sure to click the “Save” button to keep your changes.
