Fore Resort & Spa Hotel Accessibility Policy

The employees of **Fore Resort & Spa Hotel** are fully aware that *accessibility* means that everyone can reach and use any place or service independently and safely.

As Fore Resort & Spa Hotel, our goal is to ensure that the rights of persons with disabilities and elderly people are embraced by all our employees, stakeholders, and relevant groups, and that accessibility is adopted in every area of life.

Access to every place and every service: Because individuals must be able to reach and benefit from all spaces and services, including guest rooms, open and green areas, public transportation, and information and communication technologies.

Independent and safe access: Because the arrangements made and services provided must be usable without the need for assistance from others and without creating any risk.

For everyone: Because accessibility is a necessity for people with disabilities, a requirement for the elderly, and for society as a whole it means a more comfortable life.

Legal Basis

In this regard, accessibility is not only a responsibility but also a legal obligation. According to the provisions of the **Zoning Legislation**, including the **Non-Planned Areas Zoning Regulation, Parking Regulation, and Building Inspection Implementation Regulation**, and accessibility legislation such as the **UN Convention on the Rights of Persons with Disabilities** and **Regulation on Persons with Disabilities No. 5309**, accessible design must be implemented at the planning and construction stages.

Regulations containing provisions on accessibility in the environment:

- Zoning Law No. 3194 and its regulations
- Planned Areas Zoning
- Parking Regulation
- Additional Regulation on Streets
- Building Inspection Implementation Regulation
- Regulation on the Protection of Buildings from Fire (which includes accessibility dimensions and criteria)

Our Commitment

We are always aware of the value that persons with disabilities and the elderly contribute to our world and to our institution, and we support their presence. We hereby accept and undertake to comply with all the above-mentioned provisions.
