

HOW IT WORKS ?

- ◆ **Precision-Cut Panels**
Seamlessly integrate with existing van interiors.
- ◆ **Fast Assembly**
No major modifications required, ensuring a streamlined installation process.
- ◆ **Optimal Performance**
High-grade insulation maintains consistent temperatures, ideal for perishable goods transport.

Partner With Us Distributor Opportunities Available!

TIEMAN is expanding, and we're looking for **distributors ready to lead the future of insulated van conversions.**

- ◆ Exclusive access to our industry-leading insulation technology.
- ◆ Competitive pricing and rapid lead times.
- ◆ Growing demand for refrigerated van solutions.
- ◆ Strong profit potential with fleet and logistics customers.

Join our network today! Contact us to learn more about distributor opportunities and how you can **bring innovative solutions to your market.**

TIEMAN Insulated Panel Kits

Transform Your Van into a High-Performance Refrigerated Solution

Upgrade your van with **TIEMAN’s premium insulated panel kits**, engineered for **maximum thermal efficiency and rapid installation**. Designed specifically for **van conversions**, our kits provide a **lightweight, durable, and energy-saving solution** for refrigerated transport.

- ◆ **Optimized for Temperature Control**
Superior insulation keeps cargo fresh.
- ◆ **Fast & Easy Installation**
Modular design for seamless conversion.
- ◆ **Built for Performance**
Strong yet lightweight, ideal for ZEV fleets.

Why TIEMAN ?

TIEMAN sets the standard in **insulated transport solutions**, combining advanced thermal technology with **precision-engineered materials to maximize efficiency**.

- ◆ **Superior Thermal Control** – Maintains consistent temperatures for refrigerated cargo.
- ◆ **Quick Installation** – Modular design ensures seamless, hassle-free conversion.
- ◆ **Lightweight & Durable** – Optimized for ZEV fleets, reducing weight without compromising strength.
- ◆ **Cost-Efficient** – Reduces energy consumption, boosting operational savings.

Available Models

- ◆ **Ford Transit Medium Roof**
First in the lineup, designed for precision fit & optimal insulation.
- ◆ **Upcoming Expansions**
Future kits for additional van models in development.
