

# Distributed Antenna Systems (DAS)

Leverage in-building or outdoor DAS to maximize wireless signal and ensure reliable coverage and a consistent experience for subscribers.

## Benefits

- Improved connectivity for user efficiency and productivity
- Coverage and capacity for all wireless carriers
- Readiness for 5G and future innovation including IoT, AI, and beyond

National Technologies (NTI) partners with the best design integrators in the country to install turn-key solutions regardless of location, local regulations, or purpose. With more than 10 years of experience, we can provide flexible, expert support at every stage from design planning through implementation and maintenance.

## Areas of Expertise

- Carrier neutral
- In-building
- Outdoor
- Stadiums and public venues
- Government
- Public safety
- Hotels & resorts
- Active & passive

## Our Partners

- Wireless Carriers
- Outsourcers
- OEMs
- Small Cell Owners
- Tower Owners
- Private Networks
