Campaign Safety: Planning, Advance Logistics & Risk Mitigation

Professional Integrity. Investigative Precision. Ohio Roots

In the wake of an election cycle, the landscape of public engagement remains volatile. **TrueJam Insights LLC** bridges the gap between high-level public safety standards and the unique security needs of political campaigns and advocacy groups. Led by a veteran of Ohio Law Enforcement with over 40 years of service, we provide "Governance without Gridlock" for candidates and organizations navigating the complexities of public appearances and operational security.

Core Competencies

1. Strategic Safety Planning

- **Full-Season Security Roadmaps:** Comprehensive planning for the duration of a campaign to ensure consistent protection.
- **Venue & Event-Specific Protocols:** Tailored safety plans for town halls, rallies, and high-profile fundraisers.
- **Security Provider Consulting:** Expert assistance in vetting and selecting private security firms or local law enforcement contracts to ensure they meet professional standards.

2. Tactical Risk Assessment

- **Threat Assessments:** Identifying

potential actors or groups that pose a risk to campaign integrity or physical safety.

- **Vulnerability Assessments:** Pinpointing weaknesses in physical locations, travel routes, and digital footprints.
- **Risk Analysis for Operations:** Converting intelligence into actionable operational plans to mitigate liability and harm.

3. Investigative & Integrity Support

- **Inside Threats:** Discrete third-party investigation of internal issues

The TrueJam Advantage

- ❖ **Four Decades of Leadership:** Our advice is forged in forty years of Ohio public safety leadership.
- ❖ **Professional Discretion:** We handle sensitive political environments with the empathy of a victim advocate and the precision of an investigator.
