Missionpoint Burpong prepares for Medical Camp, Aug 1-3

Good news, Amigos has completed the proper paperwork for our Medical Camp to start. This camp, like the camp in Ogul Village last month will have over 100 doctors and associates performing life saving medical procedures like **cataract surgeries, breast cancer and other masses removed, hernia repairs, dental work, eyeglasses and medicines distributed.**

Doctors gather to pray before beginning camp in Ogul Village

Medical Clinics and Camps being reviewed for our Missionpoints

Concept drawing of our Missionpoint Medical Clinics. The first one to be named after Dr. John LaNoue in Ogul Village. We are praying to build a clinic in each Missionpoint after we conduct a Medical Camp in the region to establish good medical practices and healing surgeries.

Eye Camp went very well. Doctors performed over 270 cataract surgeries and gave out over 1500 pairs of eyeglasses.

BURUNDI: HERE WE COME

As we pray the "**Prayer of Jabez**," we witness God's continued expansion of our territory. Our partners, *Doctors on Mission International*, have opened new opportunities for us to serve in Burundi, one of the world's most economically challenged nations. Here, malnutrition is widespread, malaria is prevalent, and access to medical services is nearly nonexistent.

Please pray for the upcoming Vision Trip scheduled for July 21-23, during which Dr. Paul and Patrick will visit the village of **Gisuru**. Together, we hope to discover how God is inviting us to support the children in this community.

We need your help to expand
into this desperate nation...
