

5000 villagers expected at Medical Missions Camp - March 28-30

This month we will begin our Medical Camps in Ogul Village. The Ugandan Ministry of Health tells us to expect **5000 villagers** to show up for medical, dental, vision care plus screenings for Cancers, HIV, malnutrition and other services all paid for by Amigos Internacionales.

We are excited to share that during the three day camp, our pastors will be sharing the gospel with all attendees and we will be showing the "Jesus Video" to all. We anticipate the cost to be around \$20,000 for supplies, cancer tests, and surgical supplies. You can give today to help offset these costs at www.amigosii.org/donate.

From Dr. Paul: "As you support this medical camp in Ogul- Northern Uganda, you will directly impact 5000 people with much needed medical and surgical care. We aim at providing free specialized Medical and Surgical consultations, laboratory services, free cancer screening, surgical services, dental and eye services and general medical care.

We are bringing together over **50 medical and surgical specialists** to voluntarily support the camp. The whole team is ready to serve the community in Ogul. **Your gift towards this camp will impact lives and directly bring healing to communities "**

TANZANIA SCHOOL OFF TO A GREAT START

In February we began our second year of reaching the poor and disadvantaged orphans in Chibe, Tanzania. The enrollment is exploding to nearly 100 Preschool students now getting a quality education that only the "rich" students could get before we began!

Pogo Missionpoint finds water!

We are excited to announce we found water at Pogo! The villagers are so excited to begin the church and school, they have begun building the school from poles and thatched roofs!
