

## Medical Missions was huge success

*Too many pictures to post!*

We had an amazing three days in Gulu with Doctors on Mission in Uganda. Usual medical camps just identify needs and refer to hospitals miles away. Our doctors brought their skills to the classroom, and did real life changing surgeries. Children immunized and treated, dental surgeries needed for years, gave families pain free smiles and the ability to eat again. Cataract surgeries performed turned the blind into seeing for the first time in years. Our surgeons even removed cancerous tumors, lesions and did hernia repairs adding years to the lives of these villagers.

Nurses prepare medications

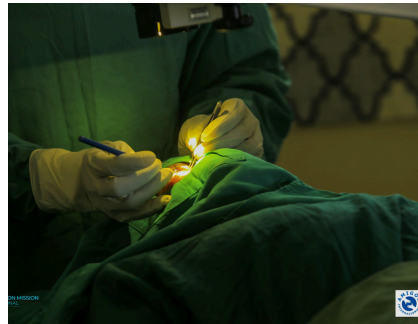

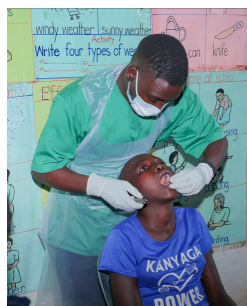

Members of Parliament came out to experience the life saving work being performed!

School classrooms turned into surgical suites as people receive surgeries needed.

Team of doctors gathered for prayer for the upcoming day!

Donate a Bible

We are grateful to First Christian Church, Tyler, TX for their support of our work. They will be purchasing Bibles and a water well for our churches in Uganda!

## Burpong Church and School is in construction.

**Give to build a  
school in Burpong**

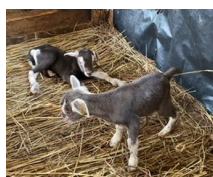

Enjoying her lunch

School has started and learning begun even before the classrooms are ready!

## GOAT FARM!

Our Boehr (meat) goats have been imported from South Africa. We have also received our milk goats from Kenya  
These are our latest babies!

## Water Well success in Pogo, Uganda

These women were walking 5 kilometers, twice a day to provide water for their families. Now 1200 people have easy access to clean water.

Our Ugandan leaders are reaching out to find the right pastor to serve the people of the Pogo Village area. Our new church and school will begin soon.

Our newest sewing class has begun with 14 new students. Our pastor visited these young refugees and 4 young ladies gave their hearts to Christ. Our Missionpoint pastors are taking the gospel to the unreachable villages in Northern Uganda.
