

WOLF HOME PRODUCTS®

WOLF DECKING & PORCH

WITH OUTDOOR CABINETRY AND OUTDOOR LIGHTING

HIGH STYLE, **LOW STRESS**

BRING THE BEAUTY OF THE INDOORS OUT.

Your outdoor space is an extension of your home. With decking from Wolf Home Products, you can bring the same beauty and style you enjoy inside to create a comfortable living space outdoors. Wolf offers many popular, natural-looking colors to match your style. Plus, Wolf Decking is built to resist the elements, so it's easy to keep your deck looking like new, season after season. It's your home. Enjoy it all — inside and out.

LOOKS AMAZING, RAIN OR SHINE

Spend more quality time enjoying your deck without the fuss of caring for wood. Wolf Serenity™ Decking with High-Density Cellular™ Technology is a low-maintenance decking that provides the color variation and texture of real wood. Its moisture repellency makes it ideal for rainy and coastal regions. Plus it maintains its color, even in the sun, so you can expect long-lasting beauty.

SERENITY DECKING:

SEASIDE

Cool, solid coastal tones

Harbor Grey

Sand Castle

LET IT RAIN

When it rains and pours, Wolf Serenity Decking repels. This durable decking minimizes water absorption, making it a smart choice for regions with heavy rain and humidity as well as areas in contact with water, such as docks and pool surrounds.

LET IT SHINE

COLORWATCH100® TECHNOLOGY

Wolf Serenity Decking features a proprietary **COLORWATCH100** premium ASA capstock, which helps block harmful UV rays to promote color retention — even in the dog days of summer.

SERENITY DECKING:

WOLF SERENITY™ DECKING

FEATURES

- » Available in both square edge and grooved boards
- » Premium ASA **COLORWATCH100®** Technology provides industry-leading color retention
- » Moisture, mold and mildew resistance make it ideal for coastal applications
- » Authentic color and texture of real wood
- » Resists rotting, delaminating, splitting and cracking
- » Strong and durable, yet very lightweight
- » Easy to install using traditional and hidden fastening systems
- » Reversible 1" x 5 1/2" deck boards available in 12', 16' and 20' lengths as well as 1/2" x 11 3/4" x 12' fascia
- » ICC Code Compliant - ESR-2824

BARE FEET CAN TELL

Yes, any deck heats up in direct sunlight, even treated wood. Compared to the leading capped composite products, however, Wolf Serenity Decking absorbs less heat during the day. And so when the sun goes down, the temperature of Serenity Decking goes down faster. In shaded areas or covered spaces, Serenity Decking remains more comfortable to the touch than most composite products, too.

SERENITY DECKING:
TROPICAL HARDWOODS Golden Cypress

WOLF SERENITY™ DECKING

GET INTO THE GROOVE

Wolf Serenity Decking is now available with grooves channeled into both sides of each board to allow the use of hidden fasteners for an aesthetically clean deck surface and fast, easy installation. Free of visible surface screws, grooved boards give Serenity Decking an even more beautiful look for your new deck.

WOLF PERSPECTIVE™ DECKING
FIBER SEQUENCING™ TECHNOLOGY

A TOUGH ACT TO FOLLOW

Take in the outdoors with decking that takes durability and style to a whole new level. Wolf Perspective™ Decking is made from 94% recycled content and features a strong core, which helps provide industry-leading strength and performance. The texture also mimics the grain of real wood for a premium appearance that will keep your backyard escape looking good, year after year.

A BEAUTIFUL OUTDOOR LIVING SPACE THAT PRESERVES THE OUTDOORS.

Perspective™ Decking sustainably blends the best characteristics of recycled wood with the long-lasting resilience of recycled plastic. Its composite material is certified by SCS Global Services as containing 94% recycled content. Router clippings and sawdust and recycled grocery bags and packaging material are used to make every plank. A reusable water reservoir provides a near-endless source of water for manufacturing. Pine trees are saved, lakes and rivers are preserved. With Perspective Decking, you help to save the environment — and enjoy a beautiful outdoor living space that will last for years.

FIBER SEQUENCING™ TECHNOLOGY

Wolf Perspective Decking with Fiber Sequencing Technology provides a high-performance deck board with industry-leading strength. Our Fiber Sequencing Technology aligns wood fibers and polymers in a parallel orientation for superior strength. Proprietary additives double the encapsulation of the wood within the polymer for a high-performance deck board that you can depend on well into the future.
