Do you have a disability according to the A	Americans with Disabilities Act (A	ADA) definition below?

Definition of Disability

Eligibility for this program is based on disability as defined by the Americans with Disability Act (ADA). According to the ADA, "Disability means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of such individual; a record of such an impairment; or being regarded as having such an impairment". "...major life activities means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and work."

PART 2: WRITTEN VERIFICATION THAT YOU ARE A PERSON WITH A DISABILITY

Written verification by a knowledgeable organization or qualified individual that you are a person with a disability is required to participate in the PwD project.

1. If you have written verification of a disability:

You may already have written verification that you are a person with a disability from a service organization by having an identification card, a written assessment of your disability, etc. If so, send a copy of this information to the transportation provider listed at the top of this form. If not, you will need to ask an organization or individual listed below to verify, in writing, that you are a person with a disability according to the ADA definition and then send it to the transportation provider listed at the top of page 1.

2. If you do not have written verification of a disability:

Please fill out a certification of disability form available from (Attachment A). It provides verification of a disability according to the definition in the Americans with Disabilities Act. This form can be used to acquire the necessary information for verifying a disability from a qualified health professional. See Exhibit F in this package.

PART 3: INCOME AND HOUSEHOLD RELATED DATA

Passenger income related data is being collected for further decision-making regarding the project. THIS INFORMATION WILL NOT BE USED TO DETERMINE ELIGIBILITY FOR DISCOUNTED FARES UNDER THE PwD PROGRAM. Please check the appropriate space in each column:

Medical Assistance Transportation Program — Eligibility Guidelines

In keeping with the maintenance of effort policy of the PwD project, transportation providers and their subcontractors, if appropriate, are required to refer Medical Assistance Transportation Program (MATP) eligible clients to that program for funding for their medical trips.

The County Assistance Office (CAO) provides individuals who are eligible for MA with an ACCESS card. Eligibility for MA and MATP is confirmed through the Department of Public Welfare's computerized Eligibility Verification System or EVS. All MATP providers are required to verify a client's MATP eligibility through EVS, which can be accessed by telephone, a point of sale device, or through an EVS provided computer disk. MATP eligibility verification information must be recorded.

If a transit provider is not also the MATP coordinator, then the transit provider must request the MATP coordinator to check on a client's eligibility status through EVS or the client must be referred to the CAO for an assessment of MA eligibility. The transit provider must notify the client of his/her referral to the CAO prior to making the actual referral.

Clients of the PwD project, whose incomes indicate a possible eligibility for MA, must be referred to the CAO for a determination of eligibility for MA and other programs. A client who is determined eligible for MA is also eligible for the MATP. PwD providers must then refer them to the MATP for funding of their medical trips. Clients must also receive notification of the CAO referral in advance.

Documentation of Disabilities

The transit provider must obtain documentation of the disability as identified by the applicant. Transportation authorities that have established ADA eligibility determination procedures can use these procedures as a base for the pilot project's disability eligibility determination.

All agencies should accept the eligibility determinations and documentation that have been prepared by organizations and programs that interact with the disability community. **Examples** of these agencies and programs include the following:

- Social Security Administration's SSI and SSDI eligibility determinations and supporting documentation, such as a SSDI card.
- Washington County Transportation Program's (WCTP) disability determination form to be completed by a physician or agency. A copy of the form is provided as Attachment B.
- Office of Vocational Rehabilitation's (OVR) establishment of a mental or physical disability through its Comprehensive Medical Examination. A copy of this form is Attachment C.
- Attendant Care Program qualifying disability: any medically determinable physical impairment that can be expected to last for a continuous period of not less than 12 months. The standard form used by this program is included as Attachment D.
- A qualifying disability through the Community Services Program for Persons with a Physical Disability.
 A medically determinable condition, excluding primary diagnoses of mental retardation or mental
 illness, expected to continue indefinitely; and resulting in at least three of the following six substantial
 functional limitations: self care, understanding and use of language, learning, mobility, self direction,
 and capacity for independent living. This program's OSP/Independence Eligibility Review form is
 Attachment E.
- The Certification of Disability Form that has been developed for the pilot project. This form, which is Attachment F, provides verification that an applicant has a disability according to the definition in the Americans with Disabilities Act. If there is no organization available to provide the disability documentation, then the transit provider should use this form to acquire the necessary information for determining eligibility from a qualified medical provider.

The transit provider may also permit another agency to complete the Registration and Eligibility Form. This is acceptable if all of the necessary eligibility documentation is provided to the transit provider with the application.

Attachment A

Certification of Disability Form

Reduced Fare Transportation Services
Rural Transportation for Persons with Disabilities (PwD) Program

The purpose of this form is to provide written, independent verification that the applicant named below has a disability according to the definition in the Americans with Disabilities Act. This form is to be completed by a profession who is familiar with the applicant's disability. A professional is someone who has medical training, provides rehabilitative or therapeutic services, does cognitive assessments, or provides independent living and counseling services to people with disabilities. The applicant has applied for transportation services under the Rural Transportation for Persons with Disabilities (PwD) program, which is being administered by the Pennsylvania Department of Transportation with services provided by the <u>Community Transit of Delaware County</u>. If you have any questions about the form, please call 610-490-3977.
