Manager's Message

Dear Members,

It is hard to believe that the first half of the year has already flown by! This summer will again bring the excitement and challenges of construction as we begin several large improvement projects at the Club. As I write this letter, we are awaiting the final approvals for our Pickleball court project and hope to see construction begin in the first part of June. The construction of the 5 courts should take about 8 weeks total and I look forward to this amenity being added to our Club this Summer!

We will also be starting a renovation project on our Locker Rooms in June, updating and refreshing these areas for our Members. While the construction will cause some displacement and limit access to the restrooms and at times the locker rooms, we will do our best to communicate the schedule and any issues while we work to bring much needed improvements to your Club. With the success of last year's patio and interior refresh, I am excited to see this next phase of Club improvements happen!

In addition, we continue to focus on improvements to Member service... From our extended Pro Shop hours (now open until 7:30pm) to the addition of the Range Attendant station and new Range Shuttle service, our goal is to continue to improve our Member's experience. Let me know what you think!

See you at the Club,

Stephen Morris, General Manager
StephenMorris@sshgolf.com

Message from Sheri Sanders, Member Services Director

There's no better time than now to refer a new Member and help us continue growing our Club community!

As a thank you, Member Sponsors may be eligible to receive a Club usage credit of up to \$250*, plus an exclusive invitation to our annual Member Sponsor Party in January. This is always a fun event you won't want to miss, and attendees will also have the chance to win exciting rewards, including up to one year of complimentary base dues in our sponsor drawing.

A special thank you to all Members who have already sponsored new Members this year, we truly appreciate your support and enthusiasm in helping grow SSHCC.

Know someone who would love being part of the Club? Invite your friends, neighbors, coworkers, and family members to experience all that SSHCC has to offer. As League City's home for extraordinary golf, we're proud to offer some of the best greens and overall value in the area.

Contact Membership today to learn more or refer a prospective Member:

Golf Course Maintenance Update

The Golf Course Maintenance team is gearing up for another great summer at South Shore Harbour Country Club. After a slow start to the growing season, the turf is now actively growing as spring transitions into summer, and our team is working hard to keep the course in top condition.

Between afternoon showers, increased mowing demands, and aerification preparations, our crew has been busy maintaining course conditions and staying ahead of the rapid summer growth. We have also been applying growth regulators and targeted weed control applications to help manage turf growth, improve overall course appearance, and allow our team more time to focus on detail work and landscaping throughout the Club.

To help us stay on schedule, we recently added a part-time team member dedicated to mowing rough areas. This additional support allows us to extend mowing operations and keep up with peak summer growth. While this may occasionally mean maintenance equipment is operating during play, we appreciate your patience as these efforts help us maintain the best possible playing conditions throughout the day.

You may have also noticed some recent updates around the course, including new flags, flagsticks, and cups on the greens.

We will continue our efforts to control and reduce Dallisgrass across the driving range and throughout the property. Dallisgrass is extremely resilient and resistant to many herbicides, so repeated applications are necessary. With our current treatment plan, we anticipate a 60-70% reduction, which will allow us to better manage the remaining areas through more targeted spot treatments.

Upcoming Course Maintenance

June 15-17

Greens aerification will take place using 3/8-inch hollow tines to core aerify greens, along with multidirectional verticutting to reduce thatch and excess plant material. Holes will be filled with premium USGA greens-grade sand to promote healthy recovery and improved playability. Greens should recover within approximately two weeks. During this time, we will also spike tees and fairways to improve airflow, water penetration, and root development. One nine-hole course will be closed each day, leaving 18 holes open for play.

June 22-24

We will apply our wall-to-wall summer pre-emergent herbicide treatment across the golf course. This application will help prevent future weeds, target existing summer weeds, apply growth regulators to manage turf growth, and provide fertilizer to maintain healthy, green turf conditions. This process will also be completed over three days, with one nine-hole course closed each day and 18 holes remaining open.

The entire Golf Course Maintenance team appreciates your continued support and patience as we work to enhance course conditions throughout the summer. Our goal is to make each round more enjoyable, and we look forward to seeing you out on the course.

August 17-19

We will again be aerifying our greens, planning to use the same 3/8" hollow tines to core aerify, verti-cut and top dress the greens as well as verti-cut tees and fairways as time allows. Each day one nine-hole course will be closed leaving the other 18 holes open for play that day.

Thank You

Cody Skarpa, Golf Course Superintendent
