LINK TO SCHOOL IMPROVEMENT PLAN	Priority 3 - Outcomes for Pupils

Introduction and Aims

This policy reflects the current philosophy and practice in relation to the teaching and learning of Handwriting at St. Aidan's Catholic Primary School.

It provides a framework for all staff which includes guidance on planning, assessment, recording and reporting in the teaching of handwriting. It offers guidance on teaching styles and opportunities for meeting the needs of all pupils, as well as giving advice on equality.

At St Aidan's Catholic Primary School we are very proud of our pupil's handwriting and take particular care in our handwriting style. We use Letter-join's on-line handwriting resource and Lesson Planners as the basis of our handwriting policy as it covers all the requirements of the National Curriculum.

Mission Statement

As stated in our school's Mission Statement, our 3 aims are to-

- Have a sense of responsibility and take an active part in serving our world;
- Have a growing understanding of Gospel Values and gather together in prayer and Worship;
- Have a passion for learning and an enjoyment for discovery.

**“Hand in hand,
in the image of Jesus,
we grow together and celebrate who we are.”**

The staff of St. Aidan's Catholic Primary School will work to give each child the entitlement of a broad, balanced, differentiated curriculum (irrespective of ability) encouraging in every individual a sense of self-worth and self-esteem. All teaching and learning is underpinned by the school mission statement.

Legal Framework

Statutory requirements for the teaching and learning of handwriting are laid out in the National Curriculum English Document (2013) and in the Early Years Framework (September 2021)

‘Hand in Hand with Jesus’

Audience

This Handwriting policy document is available to:

Teaching and Support Staff

Governors

Parents and other visitors to the staffroom (on request)

Supply Teachers

Inspectors

Copies of this policy are available through the school office on request and an electronic copy of this document is uploaded onto the school website.

Intent

Handwriting is a basic skill that influences the quality of work throughout the curriculum. By the end of Key Stage 2, all pupils should have the ability to produce fluent, legible and, eventually, speedy joined-up handwriting, and to understand the different forms of handwriting used for different purposes.

Our intention is to make handwriting an automatic process that does not interfere with creative and mental thinking, and mental thinking.

Aims:

- To develop a neat, legible, speedy handwriting style using continuous cursive letters, which leads to producing letters and words automatically in independent writing.
- To establish and maintain high expectations for the presentation of written work.
- For pupils to understand, by the end of Year 6, the importance of neat presentation and the need for different letterforms (cursive, printed or capital letters) to help communicate meaning clearly.

Expectations

All teaching staff are encouraged to model the printed or cursive style of handwriting chosen for each year group in our school in all their handwriting, whether on whiteboards, displays or in pupils' books.

Consistency throughout the school

Pupils should experience coherence and continuity in the learning and teaching of handwriting across all school years and be encouraged to take pride in the presentation of their work. Our objective is to help pupils enjoy learning and developing their handwriting with a sense of achievement and pride.

Handwriting frequency

Handwriting is a cross-curricular task and will be taken into consideration during all lessons. Formal teaching of handwriting will be carried out regularly and systematically to ensure Key Stage targets are met.

Pens and pencils

Children will start handwriting using a soft pencil. When fine motor skills have been established, a handwriting pen can be used. More competent pupils may use a ballpoint pen.

Inclusion

For children who experience handwriting difficulties due to fine motor development, including those who are left-handed and those with special educational needs, the appropriate additional support will be put into place. Letter-join's Lesson Planners all include differentiation activities for extra practice/challenge.

'Hand in Hand with Jesus'

Handwriting at Home

Pupils are encouraged to practise their handwriting at home by using the Pupil log-in for Letter-join. Teachers can set Home Learning Tasks which may include:

- Magic Patterns
- Magic Words
- SoundMatch
- PhonicsMatch
- LetterMatch
- LetterLotto
- Letter Families activity
- Word Search
- Word Bank
- Spelling lists
- Write it Right!

Children can also watch the word and letter animations and practice and explore other handwriting resources on Letter-join.

Implementation

Early Years

For our youngest pupils, we teach short handwriting lessons on a daily basis, which will include the following:

- enhancing gross motor skills such as air-writing, pattern-making and physical activities
- exercises to develop fine motor skills such as mark-making on paper, whiteboards, sensory trays, iPads, tablets, etc.
- becoming familiar with letter shapes, their sounds, formation and vocabulary
- correct sitting position and pencil grip for handwriting

Lesson Planners

Module 1 Print: Early Years teaches handwriting using the printed method. It starts with fine and gross motor skills warm-up exercises, correct sitting position and tripod pencil grip.

It is divided into three sections covering:

- pre-writing patterns
- easy letters and words
- harder letters and words

At the end of this module, children should be able to recognise and form all the printed, lowercase letters of the alphabet.

Key Stage 1: Years 1 and 2

Teaching progresses from five short, to three longer lessons per week:

- continuing with gross and fine motor skills exercises
- strengthening handwriting, learning and practice
- numerals, capitals and printed letters; where and when to use, learning and practice
- KSI SATs (optional) SPaG exercises

Module 2 Lesson Planners - Year 1

'Hand in Hand with Jesus'

***Module 2 Print to Cursive** teaches how to correctly write capital letters, uses of printed letters, numbers, punctuation, maths symbols and other symbols. Pre-cursive patterns and cursive letters are then introduced in preparation for Module 3 when children are required to start joining their handwriting.

It is divided into three sections covering:

- warm-ups, letter families and capital letters
- uses of printed letters
- numbers and symbols
- introducing pre-cursive patterns and cursive letters

On finishing this module, children should be confident in writing all the capital and printed letters, numbers and symbols and start to become familiar with the orientation of cursive letters.

Module 3 Lesson Planners - Year 2

***Module 3 - Starting Cursive** introduces children to cursive letters and how to join them. They will have regular practice in letter formation and joining their handwriting.

The sections in this module cover:

- cursive letters and words
- letter families
- high frequency words
- joining techniques
- sequencing sentences
- dictation exercises
- times table facts
- SPaG practice for KS1 SATs

With the regular handwriting practice throughout this module, children should now be developing the fluency and speed of their writing.

Lower Key Stage 2: Years 3 and 4

Handwriting lessons will continue twice a week in Lower Key Stage 2.

Lesson Planner Module 4 for Year 3 is targeted at children in lower KS2 where pupils should be using a cursive style throughout their independent writing in all subjects, helping to refine their handwriting in line with the requirements of each lesson. This module covers topics such as dictation, double letters, number vocabulary, palindromes, tongue twisters, MFL (French and Spanish), onomatopoeia, simile and statutory spellings.

Completion of Module 4 should ensure improvement in the legibility, consistency and quality of the children's handwriting through a variety of resources which link handwriting to other areas of the curriculum.

Lesson Planner Module 5 for Year 4 focuses on using handwriting practice to support other subjects in the curriculum and, at the same time, builds on fluency and consistency. This module aims to promote meaningful links with other subjects such as English, maths, science, geography, French and Spanish. Making such links enables children to apply the skills they are learning in context and also provides depth to the curriculum. Learners will continue to build on producing fluent, consistent and legible handwriting through the regular practice offered in this module's lessons.

On concluding this module, children will have practised applying size-appropriate handwriting to all areas of the curriculum whilst maintaining fluency and legibility.

'Hand in Hand with Jesus'

Upper Key Stage 2: Years 5 and 6

More advanced handwriting techniques will be taught during two weekly lessons:

- reinforcing cursive handwriting across the curriculum
- form-filling/labelling using printed and capital letters
- dictation exercises promoting quick note-taking and speedy handwriting writing skills
- KS2 SATs SPaG practice

Lesson Planner Module 6 for Year 5 continues to build on combining fluent handwriting with other subjects across the curriculum.

In this module, learners will have plenty of opportunity to develop the stamina and skills to write at length, with accurate spelling and punctuation. With Letter-join's wide range of resources they will be able to work towards producing consistently neat and well-presented handwriting in all curriculum subjects.

On completing this module, children should be producing cursive writing automatically, enabling them to focus on the content of their work rather than the process of writing.

Lesson Planner Module 7 Year 6 presents learners with a range of tasks where they have to decide on an appropriate style of handwriting. Promoting speedy, fluent writing continues to be a strong feature. Challenging dictation exercises will refine pupils' revising and checking skills as well as boosting their handwriting speed, stamina and fluency. A range of curriculum-based worksheets will give pupils the opportunity to practise writing at length.

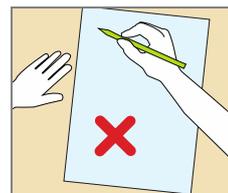

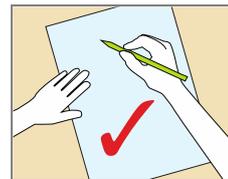

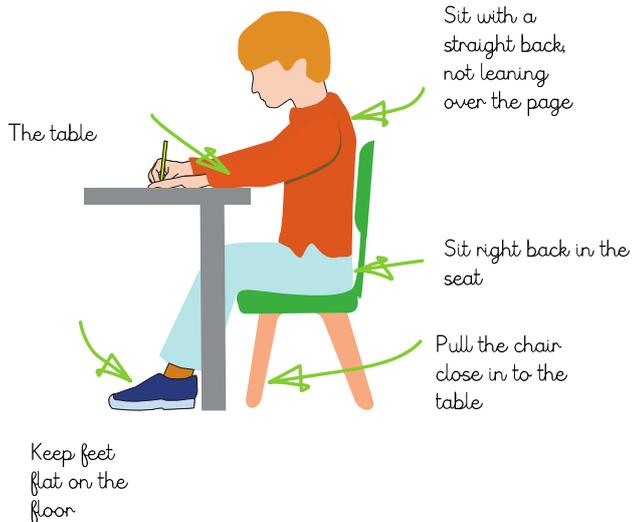

Module 7 also contains a series of worksheets to aid KS2 SATs SPaG revision. They are designed to support year 6 pupils in meeting expected standards for spelling, punctuation and grammar, with lots of SPaG preparation and plenty of handwriting practice.

By the end of this module, children should be able to adapt their handwriting for a range of tasks and purposes and to create different effects. They should be clear about what standard of handwriting is appropriate for a particular task, for example, quick notes, a final handwritten version, an un-joined style or capital letters. All of these writing styles are covered in this module.

Correct posture and pencil grip for handwriting

Pupils should be taught to sit correctly, at a table, holding a pencil comfortably and correctly.

SITTING POSITION

Paper position for right-handed children

'Hand in Hand with Jesus'

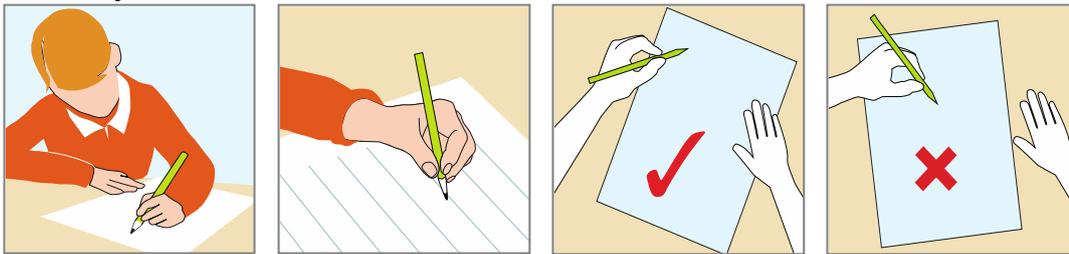

LEFT-HANDED CHILDREN

Left-handed children may find it difficult to follow the movements of right-handed teachers as they model letter formation (and vice versa). Teachers should demonstrate to left-handers on an individual or group basis:

- Left-handed pupils should sit to the left of a right-handed child so that they are not competing for space.
- Pupils should position the paper/book to their left side and slanted, as shown.
- Pencils should not be held too close to the point as this can interrupt pupils' line of vision.
- Extra practice with left-to-right exercises may be necessary before pupils write left-to-right automatically.

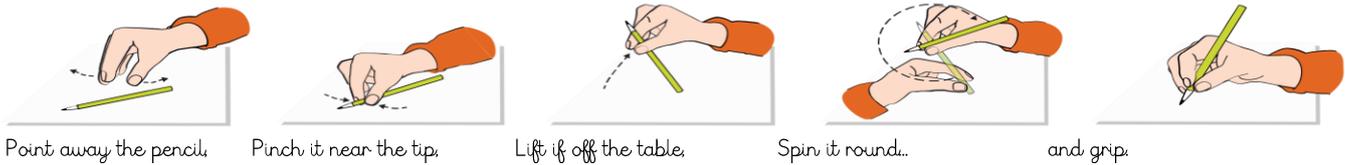

Paper position for left-handed children

The Tripod Pencil Grip

Both right and left handed children should be encouraged to use the tripod grip which allows the pen/pencil to be held securely whilst allowing controlled movements of the pen/pencil nib. We use the Tripod Grip Rhyme:

Right-handed pencil grip

Left-handed pencil grip

The role of the Governors

Our governors determine, support, monitor and review the school's approach to teaching and learning. In particular they:

- Support the use of appropriate teaching strategies by allocating resources effectively;
- Ensure that the school buildings and premises are used optimally to support teaching and learning;
- Check teaching methods in the light of health and safety regulations;
- Seek to ensure that our staff development and our performance management both promote good quality teaching;
- Monitor the effectiveness of the school's teaching and learning approaches through the school's self-review processes, which include reports from subject leaders and the termly head teacher's report to governors.

Monitoring and Review

We are aware of the need to monitor the school's Handwriting policy, and to review it regularly, so that we can take account of new initiatives and research, changes in the curriculum, developments in technology or changes to the physical environment of the school. We will therefore review this policy every two years or earlier if necessary.

This policy was last up-dated on	September 2025
Discussed and agreed with Governors	October 2025
Formal Review of Policy	September 2026
