

Personal Development

Our Personal Development is in every part of our school.

It gives us a passion for learning, an enjoyment for discovery and memorable life experiences within our school.

We develop it because of our Mission Statement aims:

Have a sense of responsibility and take an active part in serving our world

Have a growing understanding of Gospel Values and gathering together in prayer and Worship

Have a passion for learning and an enjoyment for discovery and experiences of life.

We do this by having the opportunities to develop the core St. Aidan's threads of:

choice	resilience	identity	responsibility

We find these opportunities in many areas of our school life:

British Values	Catholic Social Teaching Principles	Enrichment	Citizenship
Protected Characteristics	Health and Wellbeing	SMSC	Equal Opportunities
