

BROWNIE BADGE CRAFT + TINKER

WHERE TINKERING MEETS FORM AND FUNCTION!

1. Explore making
2. Learn the basics
3. Figure out the function
4. Discover form and fit
5. Tinker with your craft

Let's talk about what we can do with a sewing machine!

- Create new things - clothes, quilts, stuffed animals, bags, etc.
- Fix the things we already have so they last longer!

We're all going to get together and watch our troop leader sew on the sewing machine! Then we'll take turns ironing our badges in place and then sitting at the machine and sewing our badges on.

There are lots of ways to sew - hand stitching and machine. Take some time to learn the machine, remember this is a skill that takes a long time to master! Ask for help and lean on your fellow Girl Scout. What are some things you'd like to sew next?
