

DAISY BADGE CRAFT + TINKER

LET'S LEARN HOW TO CRAFT WITH PURPOSE!

1. LEARN THE BASICS
2. CRAFT WITH PURPOSE
3. TINKER WITH YOUR CRAFT

Let's talk about what we can do with a sewing machine!

- Create new things - clothes, quilts, stuffed animals, bags, etc.
- Fix the things we already have so they last longer!

We're all going to get together and watch our troop leader sew on the sewing machine! We'll each take a turn putting our vests and badges in the machine and stepping on the foot pedal to get a feel for how a sewing machine works.
