Important Notice from The Bishop's School About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with The Bishop's School and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The Bishop's School has determined that the prescription drug coverage offered by the CIGNA Limited HMO, CIGNA Full HMO, CIGNA Open Access Plus PPO and CIGNA Open Access Plus HDHP for the plan year 2026 is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered **Creditable Coverage**. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage If You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, the following options may apply:

- You may stay in the insured carrier plan and not enroll in the Medicare prescription drug coverage at this time. You may be able to enroll in the Medicare prescription drug program at a later date without penalty either:
    - During the Medicare prescription drug annual enrollment period, or
    - If you lose insured carrier plan creditable coverage.
- You may stay in the insured carrier plan and also enroll in a Medicare prescription drug plan. The insured carrier plan will be the primary payer for prescription drugs and Medicare Part D will become the secondary payer.
- You may decline coverage in the insured carrier plan and enroll in Medicare as your only payer for all medical and prescription drug expenses. If you do not enroll in the insured carrier plan, you are not able to receive coverage through the plan unless and until you are eligible to reenroll in the plan at the next open enrollment period or due to a status change under the cafeteria plan or special enrollment event.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with The Bishop's School and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may

consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
