

Login to the ForeTees App on a Microsoft Computer

1

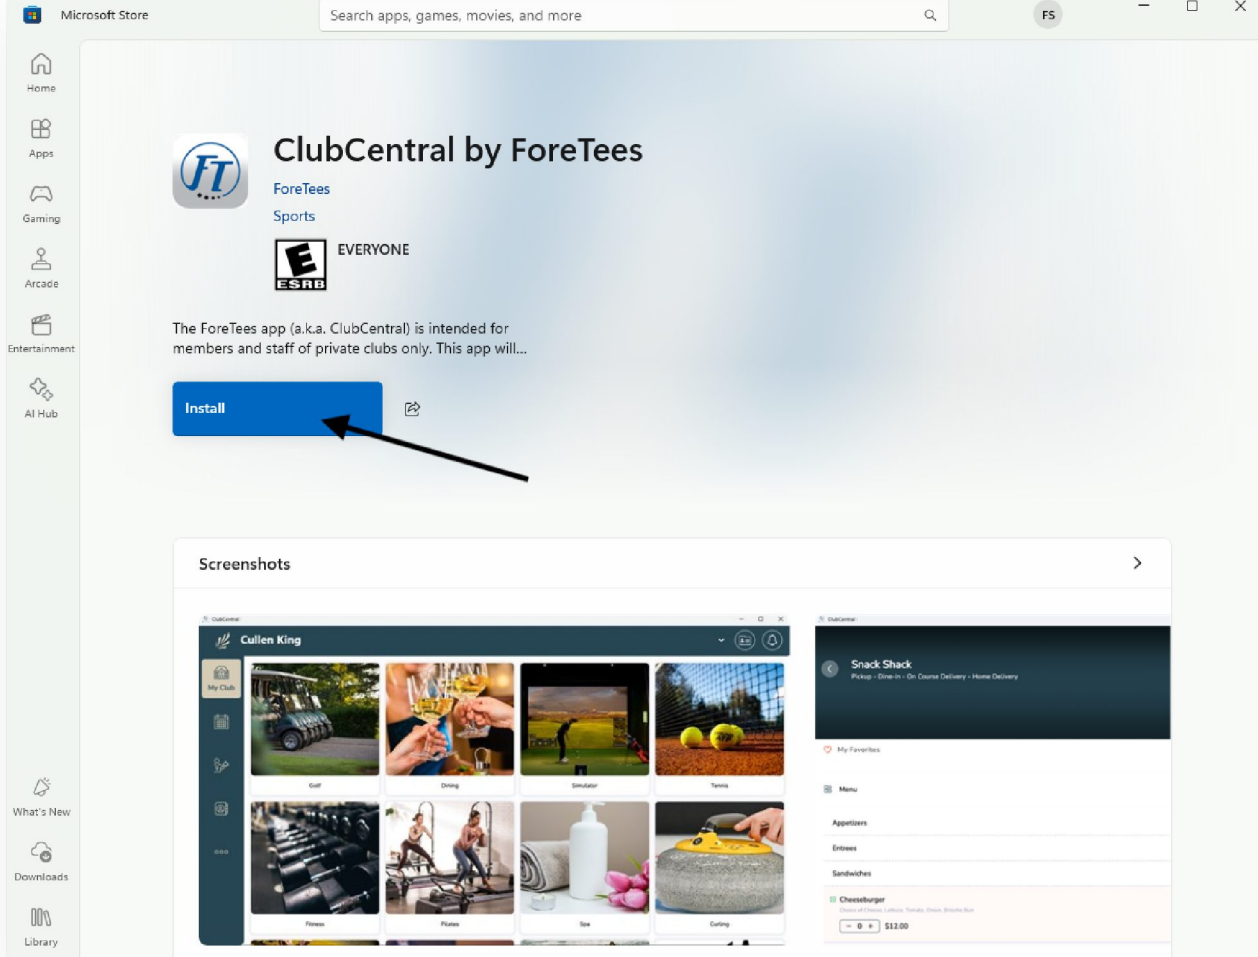

View App Listing Here - Then Click **View in Store** button.

Or you can open the Microsoft Store and search for foretees or clubcentral.

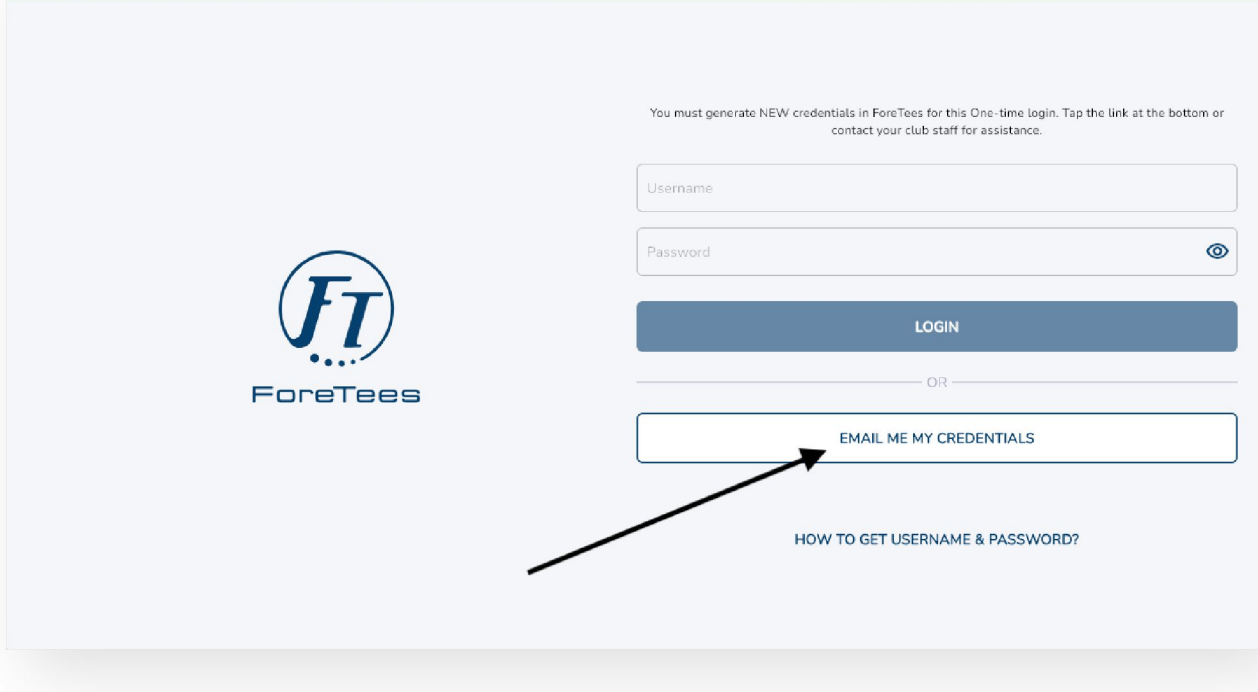

2

Once you are in the Microsoft App Store you can Click the **Install** button. Our app is available on computers running Windows 10 version 17763.0 or higher

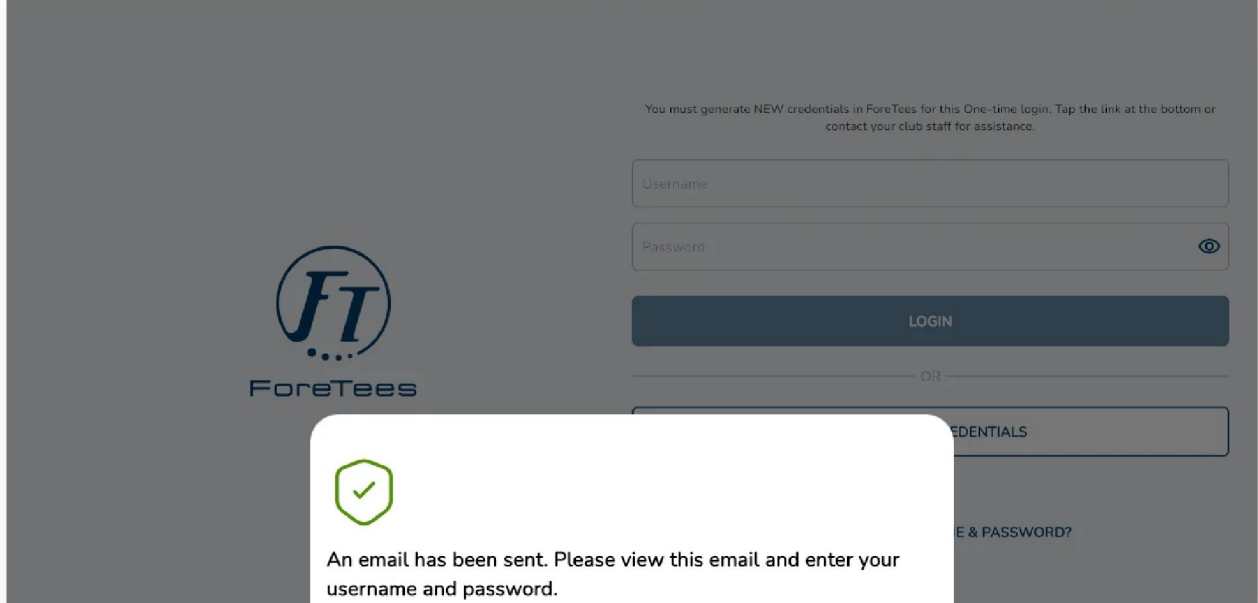

3

After the app is installed click the **OPEN** button. The app will open to the login page and receive your app credentials. Click **Email Me My Credentials** and Enter your email address that is tied to your ForeTees member account.

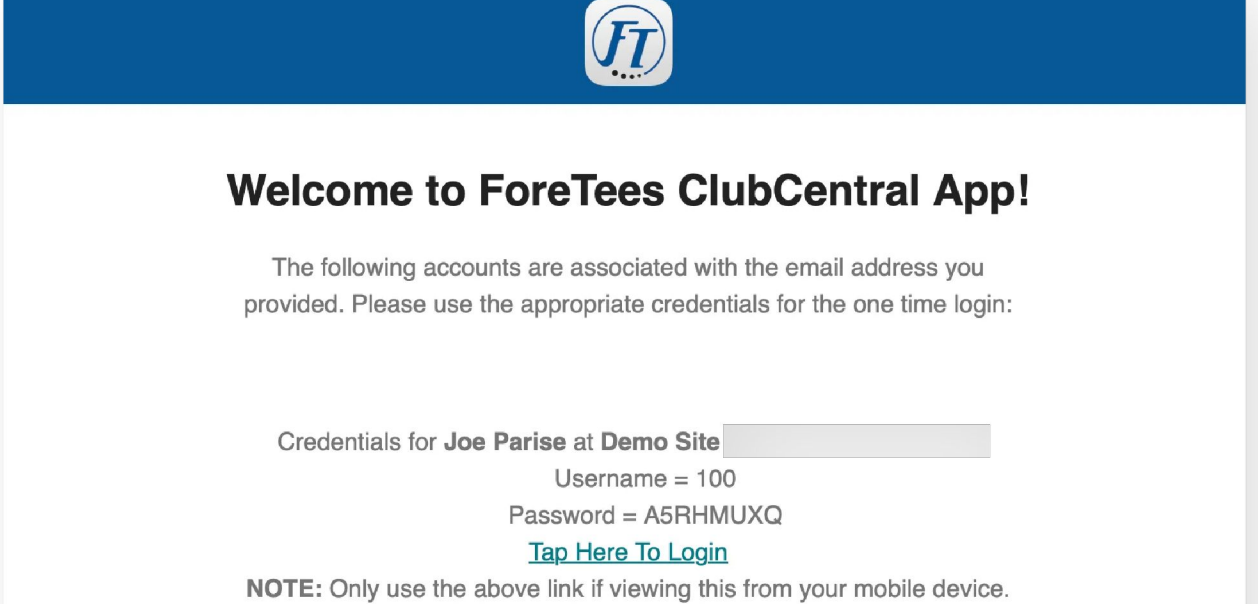

4

After entering in your email address you will see this message if we found this email in our system.

5

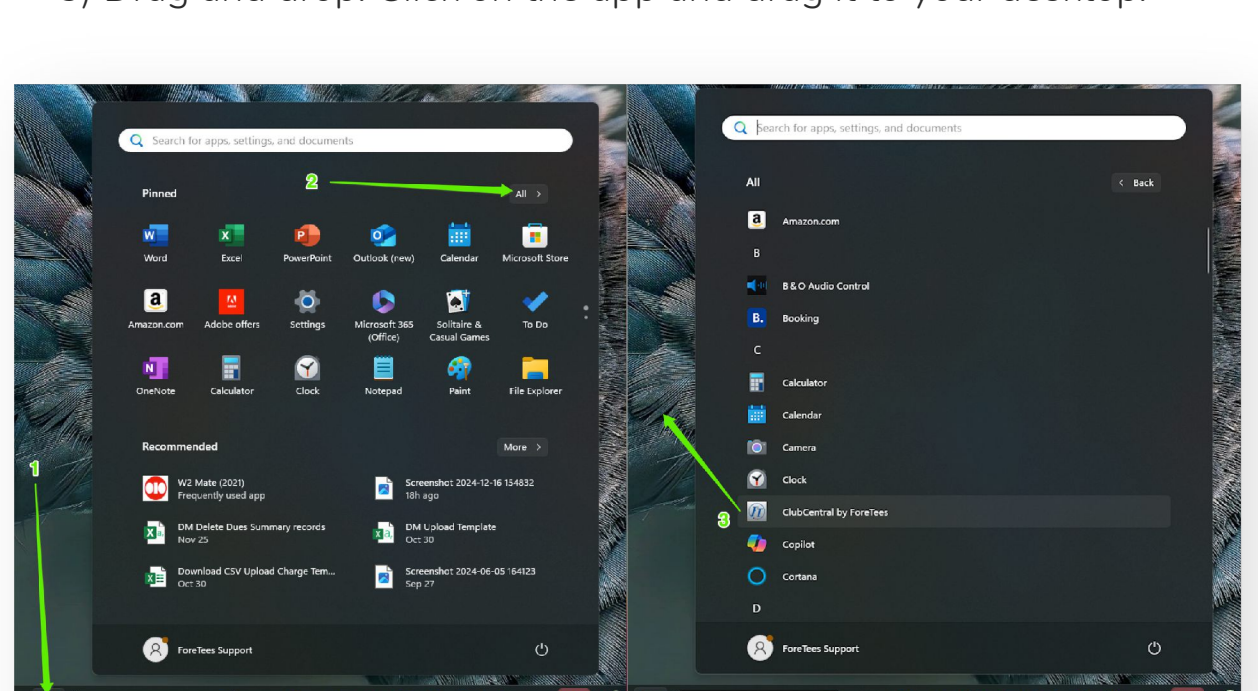

Open your email and you will see an email from auto-send@foretees.com with your one time login app credential. The Tap Here to Login link will only work on mobile devices so you will need to Enter or Copy/Paste that login credential into this app. Then you are all set!

Tips

Once you are logged in you will not need to login again on this Computer. Here are some steps to make it easier to find.

- 1) Open Start Menu: Click the Windows Start button on your taskbar.
- 2) Find the app: Navigate to "All apps" and locate the desired application.
- 3) Drag and drop: Click on the app and drag it to your desktop.

Other option is to Pin ClubCentral app to your taskbar.

- 1) Open Start Menu: Click the Windows Start button on your taskbar.
- 2) Search for ClubCentral
- 3) Click Pin to taskbar
