

What is Compass 360?

Compass 360 is a specialized program designed for students with autism and social-emotional needs. Compass 360 utilizes the principles of Applied Behavior Analysis (ABA) to foster growth, independence, lifelong learning, and skills

What does Compass 360 offer?

- Data-Driven ABA strategies
- Individualized support plans
- Focus on communication, social skills, and activities of daily living
- Structured learning environment
- Collaboration with families and school districts
- Overseen by a Board Certified Behavior Analyst (BCBA)

Compass 360 Learning Center

*Finding the right direction for every
child, every day*

Our Mission

To empower every student with the tools they need to succeed by providing individualized, evidence-based interventions in a compassionate and supportive environment. Through the integration of academic, behavioral, and therapeutic services, we strive to promote independence, growth, and lifelong learning for students with autism and social-emotional needs.

Compass 360 Learning Center
Finding the right direction for every child, every day.

Phone: 419-758-5422

Music Therapy

An evidence-based clinical approach that utilizes music interventions to help students achieve personalized therapeutic goals with a therapeutic relationship with a credentialed music therapist

Equestrian Therapy

An evidence-based approach that engages students in horseback riding, improving motor skills, coordination, and balance while enhancing social skills, emotional regulation, and self-esteem

Swimming Lessons

Provides physical, emotional, and social benefits- promoting strength, emotional regulation, confidence, and peer interaction in a supportive aquatic environment

The 360 Approach

Our program is overseen by a Board Certified Behavior Analyst (BCBA) and is built around a comprehensive framework that addresses the academic, behavioral, and therapeutic needs of each student

Applied Behavior Analysis (ABA)

A science-based approach that focuses on how behavior changes, how it is influenced by the environment, and how learning occurs. ABA principles are used to promote positive behavior and skill development

Academic & Applied Track

Designed to provide intensive instruction in either discrete trial instruction or social-emotional learning. These tracks focus on removing barriers to academic success and supporting overall student growth

Therapeutic Services

A holistic support system offering speech and language, occupational, and physical therapies tailored to meet each student's unique developmental needs
