President Swanson stated, "Thank you very much, and I would like to add my welcome to Cindy Ramos. I don't know if Chairman Brunk told you but, you get a free bonus membership on the Rock Island County Forest Preserve Commission with every County Board Supervisor. We're grateful to have you, so thank you, and at a certain point in the future you may want to come back with Mr. Craver, he gives great tours- orientation tours, and will tell you about your work as a Commissioner, and the amazing Forest Preserve facilities around this great County. At this time, it is my pleasure to acknowledge April Palmer, our Auditor, who I think will be introducing Nick Bava, our partner with Sikich, for the FY25 Audit. Ms. Palmer your mic is live."

2. **PRESENTATION:** County Auditor April Palmer and Nick Bava, Sikich; FY25 Audit

Ms. Palmer stated, "Good evening everyone, I am happy to announce that the Forest Preserve Audit is complete, and you should have received by email from Mr. Crayer, the documents that our audit partner, Nick Bava is online and going to speak about. Nick can you hear us?"

Mr. Bava stated, "Yes, can you hear me ok?"

Ms. Palmer stated, "Yes."

Mr. Bava stated, "Thank you April, thank you President Swanson, members of the board for having me here. As April alluded to, I will be presenting the results of the Forest Preserve District's audit as of June 30th 2025. So, it's typical for the district's audit we issue a handful of reports, I'll highlight some items out of the Annual

Comprehensive Financial Report, touch on a new report this year called the Single Audit Report, but intend to keep my comments and coverage of this brief. Certainly, if there's any questions or comments, or anything you'd like to learn about the auditor process, I'd be happy to address those. So, what I have shared for you this evening, it just highlights from the audit report. What we have here is the cover of the Annual Comprehensive Financial Report, so this is the large audit document of financial statements. Highlighting the first item, I always like to call out for any of my clients that participate in this program. This is the Certificate of Achievement for Excellence in Financial Reporting, issued by the Government Finance Officers Association. So, what that means is the district is- has elected to participate in this program. It is not a requirement by the states or by accounting principles, this report goes through a separate review of the GFOA and, it's reviewed and ultimately, they issue a certificate for complying with reporting requirements set by the GFOA. So, what that means is, really the district is going above and beyond from a reporting perspective, and issuing as comprehensive as a report that you can, as a unit of local government here in Illinois. What that means is this boards prepared the spirit of full disclosure and transparency to those that are interested in the Forest Preserves fund balances and (inaudible) and items like that. This is the 14th Award received, I believe for the district, and once that 2025 report is submitted and reviewed, we'd expect that to receive the same certificate. So, congratulating them and calling (inaudible) here tonight. Next item I'll touch on here is the Independent Auditor's Report. So, as the Independent Auditor of the district, it is our responsibility to issue assurance on the financial statements, do they present fairly? Right, in all material respects as of June 30th, 2025. I won't read this verbatim for you, but what these two paragraphs articulate is that you issued what's referred to as an Unmodified Opinion as of June 30th, 2025. So, an Unmodified Opinion is a clean opinion, and the highest level of assurance that we as auditors can issue to an organization like Rock Island County Forest Preserve District. So, what that means is, these financial statements can be relied on for whatever reasons necessary. So, clean opinion as far as the Financial Statements are concerned. Another opinion that we've issued is, an opinion in accordance with Government Auditing Standards. This may or may not be included in any given audit. It's typically dependent on grant spending, whether that be state or federal grant spending so, I will get to the totals of grant spending here shortly. The gist here is that, the district exceeded certain thresholds that ultimately required additional compliance testing in accordance with what the state calls for. So, this is that opinion that covers this particular set of compliance tests and, just identifying here that based on those compliance tests, and procedures that we had to undergo, didn't identify instances of non-compliance, or other matters, that would ultimately have to be reported under Government Auditing Standards. Those are the two opinions in the Annual Comprehensive Financial Report, all good news and clean opinions as far as those elements are concerned. Which brings me to a new report this year that is titled The Single Audit Report. Single Audit is required when the organization spends greater than

\$750,000.00 in Federal Grant Funds. In our experience working with the district, they haven't exceeded that threshold. They've been close, but in the case of Fiscal Year 2025, that threshold was eclipsed about \$834,000.00 specifically. As a result of that we had to undergo certain tests, specifically towards that grant program that pushed the district over that threshold. What we have here is the opinion on that program, it was the program specifically tied to the American Rescue Plan Act so, Rock Island County passed through dollars in terms of the money that they were awarded through the Federal Government. So, they passed through dollars to the Forest Preserve District. In the case of this year, 2025, that was the major program we audited in compliance, with what the Federal Government calls for on that. What we have highlighted here, just documents that based on those additional tests, and procedures over the specific American Rescue Plan program. We issued an un-modified clean opinion on that, so all good news as far as that opinion is concerned. There's just some other good information in this report, and just wanted to point this out- and seeing that this is a new year, but what we have here is the schedule of expenditures of federal awards. For an organization like the county, much bigger, much more involved from a federal spending perspective, you would see multiple lines for the county. As it relates to the district, this was the only federal grant money that was spent in Fiscal Year 2025. You can see here the \$833,000.00 passed through (inaudible) being Rock Island County, and there's your program on that. The Schedule of Findings and Question Costs really is just your report card over the single audit. It seems kind of involved, there's a lot going on, but really the gist of this here is that from an audit result standpoint, we have to document where there are any financial statement findings, which you can see here. We issued that modified opinion of financial statements. We had no material weakness, or significant deficiencies identified as far as internal controls are concerned, and no non-compliance issues there. From a federal reward standpoint, this is where we look at the grant itself. When we did those certain tests and the compliance procedures, we didn't identify any material weaknesses or significant deficiencies over that program, and therefore issued that unmodified opinion. No audit findings there. We have the specific major federal program, and then there's your threshold, in terms of what required this particular test, the district did not qualify as a low risk auditee. This is simply because an organization needs to issue back-to-back Clean Single Audit Reports, in order to qualify as a low risk auditee. This was the first Single Audit that we performed for the district, I'm not sure if there have been any Single Audits in years past, so nothing to be concerned of as far as that bit there. Overall just to tie everything together by thanking Jeff, thanking April, and the County Auditor's Office. Here presenting to you on time, the state allows 6 months following the fiscal year end to issue and finalize the audit, so we're within that timeframe. I'd be happy to answer any questions that there might be over this audit, thank you."

President Swanson stated, "Thank you Mr. Bava, you're always welcome to deliver good news to this body, I'm looking around to see if there might be any requests

for questions, comments, anything further? Well that's the good thing about a clean audit, very few questions."

Ms. Palmer stated, "In addition, you may notice we do have a GATA Report. This is a state required, grant reporting- separate report that we have not issued in this format before, but it is attached and we do have to do this online, and submit it to the State of Illinois for those compliance requirements, as well as the federal compliance requirements that require the single audit. These are the state ones, so it's always fun when you have grants."

President Swanson stated, "Thank you Ms. Palmer, thank you Mr. Bava. We appreciate your work on our behalf and thanks for your partnership."

Mr. Bava stated, "Thank you everybody, Happy Holidays."

President Swanson stated, "And you too sir, and Ms. Palmer, thank you."

Ms. Palmer stated, "Thank you Nick. Appreciate all your time and you and your team."

4. **PUBLIC COMMENTS - (NONE)** (Three calls were made.)

5. **PRESIDENTS COMMENTS:**

President Swanson stated, "Just wanted to let you know, even though it's going to start melting here pretty rapidly, the snow has fallen on the parks, and it's just gorgeous if you get a chance to get out there. Of course, it also keeps staff busy with all the areas that need cleaning and clearing, but remember that the trails, if you're just on foot, are available all the time. Some places are limited if you're on horseback or wheels, or that kind of thing, but get out and enjoy the parks 365 if you can."

12. Commissioner Perkins moved to approve the staff recommended bid for the EV Charging Station. Commissioner Vyncke seconded.

Commissioner Westpfahl asked, "It says view and consider the bids, well what are they?"

President Swanson asked, "Mr. Craver would you care to come to the podium?"

Commissioner Westpfahl asked, "And where's this charging station going to be?"

Mr. Craver stated, "I'm sorry I don't have your screen, I thought the new tabulation and the letter of recommendation was included with the meeting materials."

President Swanson stated, "The bid is coming up on your screen, also on the screens around the room."

Mr. Craver stated, "This matter unfortunately wasn't able to make the timing of the Forest Preserve Executive Committee. I spoke to the executive committee last week, the bid opening was that afternoon—informed the committee that I would be reviewing bids, and if it was agreeable, we would move the bids forward to the Commission for review tonight. I guess I may be a little confused, we did not put the low bidder on there because they had not been reviewed by the Committee for a recommendation to the Commission. I guess what I was thinking at the time was that, this Commission would review and consider those bids, accept the recommendation from IMEG from Rock River Electric in the amount of \$531,969.00. That is the recommendation from the Engineer. All the bids received were filed properly with the bid bonds, bid securities, and acknowledgement of the addendum of the bid package."

President Swanson stated, "Thank you Mr. Westpfahl for the question."

Commissioner Westpfahl stated, "I've got another question, who's going to use these? Is it just for the Forest Preserve's personal use? Or is it open to the public, and what are they going to pay for?"

Mr. Craver stated, "These charging stations will be open to the general public, we have to have a minimum of 4 stations. They will be dual port stations, so technically we'll have 2, but you will be able to service 4 vehicles. We've tried to strategically

place them throughout Loud Thunder, where visitors would be coming. Unlike campers, if they were towing in a vehicle, they might have an adapter. So, this would be for visitors coming out to the parks, coming to the zoo, going to (inaudible) East and West of the marked conservation area. 80% I believe, of these funds are being funded through a grant and we are putting up a 20% match. I spoke with the grant administrators this morning, and there is an opportunity for us to possibly capture our match to have this 100% paid, if we can get this project done by June 30."

President Swanson stated, "So if I could re-state this, and please correct me if I'm wrong Mr. Craver, what's on the table here is an opportunity whereby we don't put out really anything. We get even our matching 20% covered by outside sources, and the end result is whether or not you, or I choose to use these EV Stations, we are running power to a (inaudible). The (inaudible) parking lot does not currently have power. We are running power to parts of Indian Bluff, excuse me, Illiniwek and Loud Thunder that don't currently have power. So, in a sense, we're getting for the taxpayers of the district, a huge windfall with really nothing being put out from their—the funds that they've already committed to us. Do I have that roughly correct Mr. Craver?"

Mr. Craver stated, "Yes."

Commissioner Westpfahl stated, "I want to know who's going to use it."

President Swanson stated, "To answer your question Mr. Westpfahl, it will be used by people who drive Electric Vehicles. It's not mandated, but quite a few people can charge up, and we are able to charge a fair market rate. I am going to go to Mr. Adams."

Commissioner Adams asked, "Are these charging stations like what's around, they have to put their credit card in there and they pay for what the charging of the vehicle is? The County Forest Preserve is not paying correct?"

Mr. Craver stated, "Correct, they will have to pay for the use of these stations."

President Swanson stated, "This will add revenue, thank you Mr. Adams."

14. Comments from Commissioners

President Swanson stated, "Now we have the opportunity for comments and questions from Commissioners. I hope you all had a chance to look at the material in the Director and Department Head Reports, Mr. Morthland you are live."

Commissioner Morthland stated, "Thank you sir, just a quick question Mr. President. You're talking about the date the preserves are open, yes. The lower West lot at Amôwa has been closed, Dorrance we have a lot outside the lot, but for Amôwa it's going to be kind of tough to get into doing hiking, at least from the lower end."

Mr. Craver stated, "I can address that, we had some issues with our plow vehicles. A pump went out on—currently Illiniwek does not have a plow, Indian Bluff has 2

vehicles that have a plow, and when they went to use that we had a problem so we closed that gate.

Commissioner Morthland stated, "So, it's prudent for public safety given the circumstances present to the district at the time."

Mr. Craver stated, "It has been fixed, we obviously are looking at a little bit of a warm up here, and moving forward if we get another snow event, all of those lots should be reopened and plowed in the future."

Commissioner Morthland stated, "Thank you very much."

President Swanson stated, "Appreciate the question Mr. Morthland any other questions or comments on the Director and Department Head Reports?"

15. Commissioner Brunk moved to approve all routine reports from the Director and Department Heads to the Forest Preserve Commission, second by Commissioner Moreno.

A voice vote was taken.

Motion Carried.

President Swanson stated, " One of the great joys of my life is getting to work with this body, because this is work that's going to benefit our kids and grandkids, and a lot of people after them. So, please accept my best wishes for a bright and warm holiday, however you may celebrate them."

President Swanson continued, "The next meeting of The Forest Preserve Commission will be Tuesday, January 20th, following the County Board meeting in these chambers."

President Swanson declared the meeting in recess at 7:06 pm.

December was a pretty normal month for the golf course. The golf course closed for the season November 24, so there were no December rounds this year to report on.

We have been selling our Holiday Special for 2 rounds of golf with cart for the 2025 season, for \$47. As of this writing we have sold 134 so far. That is well behind last years pace, having an ice storm on the Saturday that we planned to be open effected that number.

As the season comes to an end here are the numbers for 2025. The December numbers will likely go up ever so slightly after this writing.

2025 Season Totals

ANNUAL SALES	2022	2023	2024	2025
Golf Fees	\$296,851.00	\$331,816.00	\$366,032.00	\$377,654.00

ProShop	\$22,893.37	\$30,864.63	\$32,109.95	\$31,928.87
IMP Fund	\$31,609.75	\$39,842.50	\$48,654.75	\$35,593.00
Total Revenue	\$803,105.26	\$899,884.91	\$961,093.46	\$1,005,687.97
Total Rounds	23,909	26,629	27,942	26,828
Avg/Player	\$33.63	\$33.63	\$34.42	\$37.45

Above are season totals for Indian Bluff Golf Course, and a comparison to the last few years. Overall the 2025 numbers were outstanding. Rounds were down slightly and revenues were up significantly over the past few years. Keep in mind when looking at the numbers 2022 was the best season we had had in years. Our numbers now are continuing to far outpace that.

In the rounds category, rounds were down slightly for the 2025 season. However, the golf course opened nearly six weeks early in 2024 due to outstanding winter weather. Those weeks accounted for the lost rounds this season.

Golf Fees were increased slightly in 2025, that helped the revenues, but certainly did not deter play. I gave Jeff my recommendations for 2026, I would recommend increasing some golf fees and holding cart fees steady. Concession revenues were up substantially again in 2025 compared to 2024.

Total revenue for 2025 was just over \$1,000,000. This is the first time gross revenue has surpassed one million dollars at the golf course! Back in 2019 and

the pandemic shortened 2020 we fell just short of \$600,000 in total revenues. Looking back a few more years around \$600,000 was a fairly normal revenue number for the golf course. If we look back to the 2019 golf season before the pandemic, the numbers for the last two seasons are almost out of sight!

Concessions saw an increase over last season, this can be attributed to more people at the course, and continued success of our grill out at the snack shack on the weekends. With the new POS System in place a couple of years ago, Credit Cards being processed at the snack shack have also been a major boost to sales.

Proshop sales were about even with 2024.

Overall the 2025 golf season was as crazy as the pandemic year in 2020 and the year following in 2021. Lots of new faces that continued to play golf, and many of the regular players continuing to play. League play was steady from a year ago, and continues to lag pre pandemic levels. We do get much more play right before and after leagues than in the past, to help offset the loss in league play.

Indian Bluff monthly report

December 2025

The month of December was cold with quite a bit of snowfall which limited our ability to do much outside so our focus shifted to indoor maintenance projects

- Closed bathrooms and snack shack
- Had plans drawn up to improve the facility by adding a much needed driving range and practice facility by reconstructing the first three holes
- Winterized the irrigation system
- Applied sand to all putting surfaces
- Cleaned and organized our shop and maintenance facilities
- Applied organic fertilizers to green
- Identified and addressed sink hole issues in the main parking lot and looked at repaving a new road to the maintenance facility
- Some nuisance tree removal where needed

Upcoming: As the winter continues we will remain focused on preparing our equipment and staff for the upcoming season

Report to Forest Preserve Committee

Name of Park Illiniwek

For the Month of December 2025

Grounds Maintenance performed— As weather allowed staff continued to work on the orchard project by removing the dead, storm damaged, and invasive trees. At the end of December about half the project was completed. This area will get replanted in the spring with bottomland hardwoods. Staff used the skid steer to plow snow at Illiniwek. Amowa east and west were closed after the snow due to Illiniwek not having a snow plow. The city of Port Byron was nice enough to plow Dorrance after each snow. Amowa east and west were opened up after the snow melted. Illiniwek has borrowed a snow plow from the golf course that will get us through the winter.

Building Maintenance projects performed— Staff organized the maintenance building. A new tool chest was purchased in September. Staff moved all the tools from the old chest into the new one. Staff also organized, purged, and threw away a considerable amount of unused, deficient, and broken tools, equipment, and hardware. Staff built 20 picnic tables and moved them to the campground to replace the old wooden picnic tables on the RV sites.

Equipment repairs and/or project performed— Due to the quick start to winter with very cold and snowy conditions staff started equipment maintenance early this year. Staff mainly worked on repairing the 7 iron mowing decks on two mowers. From general wear and tear parts needed replaced along with belts.

Trails/General facility conditions—Staff is working with the county GIS department to get trail maps made for the Amowa East trail system. Staff will be making social posts this month to advertise the trail opening. Trails at Dorrance and Illiniwek were closed for a week in December due to wet conditions after the snow melt.

Vandalism report—No vandalism or break-ins this month.

Incidents—No incidents

Accidents reports— No accidents.

Activities/Events/Outings held at park— There was a group hike at Illiniwek on December 28th led by the Black Hawk hiking club.

Items to be bid by Purchasing—No items.

Upcoming Events – May 4th thru the 8th, Illiniwek will be hosting the Spring Forest/Prairie ecology classes. LL&W and Soil and Water Conservation District will also be helping teach the classes. As of Jan. 7th three local high schools have signed up to attend. The event starts at 9am with classes until 2pm.

Report to the Forest Preserve Committee

Loud Thunder Forest Preserve / Ralph Martin Conservation Area

Month: December 2025

Prepared by: Ben Mills, Head Ranger

Date: January 8, 2026

Operational Overview

Despite atypical and challenging winter conditions, Loud Thunder Forest Preserve remained well maintained throughout December. Near-record snowfall required sustained staff response to ensure safe access, protect infrastructure, and maintain park operations. Overall park conditions remain strong, with no reported vandalism, incidents, or accidents during the month.

Grounds and Facility Maintenance

Staff conducted routine and responsive maintenance activities, including litter removal, sanitation of pit toilets, trail clearing, and snow removal from roads and parking areas as conditions required. Significant efforts were dedicated to storm-related tree and hazard removals, particularly within the White Oak Campground and Tranquility Picnic Area, with care taken to minimize ground disturbance due to unfrozen soils.

Additional projects included:

- Establishment of two prairie plantings south of the horse corral
- Repair of the maintenance building gate
- Ongoing trail access management for equestrian and bicycle use when conditions allowed

Building maintenance focused on cleanliness, energy efficiency, and winter readiness. Staff maintained the maintenance shop and park office, adjusted heating systems across well buildings and the boat rental facility, and ensured lighting and battery systems were properly managed.

Equipment Maintenance

During periods of extreme cold, staff advanced annual maintenance on park equipment. This included daily operational checks, detailed cleaning, and completion of annual service on multiple John Deere Gators and Yamaha golf carts. Additional equipment servicing is scheduled to continue as parts arrive and weather permits.

Weather Impacts

December snowfall was both frequent and heavy, resulting in minimal ground frost due to insulating snow cover. These conditions complicated plowing operations and increased the risk of turf displacement along road edges. Staff exercised heightened caution during snow removal and tree clearing to preserve park grounds. Temperature fluctuations also affected Lake George ice formation, which briefly froze before melting during a late-month warm and rainy period.

Programs and Activities

The Loud Thunder Archery Program concluded on December 21. A total of 30 deer were reported harvested during the 2025 season. While participation and harvest numbers were slightly below expectations, early and persistent snowfall significantly limited hunter activity during the latter half of the season. Staff is currently compiling and reviewing program data.

Forest Management and Seasonal Preparation

Implementation of the forest management plan continues as conditions allow. Current efforts are focused on invasive species removal, primarily Asian honeysuckle and autumn olive. This work will improve fuel distribution on the forest floor and support planned controlled burns, which are anticipated to enhance long-term timber and ecosystem health. Burn breaks have been established in preparation, pending suitable weather conditions.

Administrative preparations for the 2026 season are underway. Applications for the 2026 campground and boat rental licenses have been submitted. Camping reservations will open March 1, and the boat rental season will begin Memorial Day weekend. Staff has also begun splitting and stacking firewood for patron sales as part of seasonal readiness efforts.

Summary

December presented uncommon operational challenges due to weather extremes; however, staff responded effectively, maintaining park safety, infrastructure, and environmental stewardship. Preparations for the 2026 season are progressing well, and Loud Thunder Forest Preserve remains positioned for another successful year of public use and resource management.

Agenda Items – December

Claims and Treasurer's Disbursements

Claims and Treasurer's Disbursements for the month are routine in nature and consistent with current appropriations. No claims required special review or exception.

Transfers of Appropriation

Several transfers of appropriation within the General Fund are presented for consideration:

- Staff identified structural, erosion, and accessibility concerns related to the asphalt walking path near the ball diamonds at Dorrance. IMEG was engaged to evaluate the condition of the path and surrounding hillside. The resulting professional services costs were not anticipated during adoption of the current fiscal year budget. Accordingly, funds were reallocated from a budgeted transfer from the General Fund to the Niabi Zoo Fund.
- Additional funds were transferred from the same budgeted General Fund to Niabi Zoo Fund allocation to support the installation of a snow plow on the Indian Bluff dump truck. This action provides operational flexibility during snow events while the Illiniwek parts and maintenance truck remains equipped with a fixed plow. A new dump truck and plow for Illiniwek are included in the proposed FY27 budget.
- As a result of the Zoological Association of America accreditation inspection some modifications and improvements were required in the biodiversity building in addition two HVAC units were replaced in the animal hospital. Funds were transferred from other repairs and maintenance and improvement general ledgers.

Resolutions

- **Closed Session Minutes Review:**
In accordance with the Open Meetings Act (5 ILCS 120/2.06), public bodies are required to review closed session minutes at least semi-annually to determine whether confidentiality remains necessary or whether the minutes should be released for public inspection. A resolution is presented to meet this statutory requirement.
- **Electric Vehicle Charging Stations:**
A resolution is required to authorize expenditures related to the installation of electric vehicle charging stations throughout the District. Claims have been

received from the engineering firm for survey work, project design, construction documents, and bidding services.

- **Niabi Zoo Biodiversity Building Generator:**

A resolution is presented to account for the installation of a generator at the Niabi Zoo Biodiversity Building. Funding was provided through the Hubbell-Waterman Foundation as a pass-through grant to the Niabi Zoo Foundation. Generators have now been installed at the Biodiversity, Reptile, Administrative, and Maintenance buildings.

Ordinances

There are no ordinances for consideration this month.

Other Business / Discussion Items

2026 Proposed Fees

Enclosed is a schedule of proposed fees for the District's core services. Staff recommend modest increases to golf fees for 18-hole and 9-hole play, as well as camping fees associated with water, electric, and sewer amenities. Comparable services were reviewed, and staff believe the proposed fees are consistent with the Quad Cities market. At this time, Niabi Zoo staff do not recommend any fee increases. Program fees, boat rentals, merchandise, and other ancillary fees will continue to be reviewed individually to ensure costs are appropriately recovered and revenue opportunities maximized.

Golf Course Improvements – Indian Bluff

Preliminary site plans are provided for discussion of a potential reconfiguration of Holes 1 through 3 at Indian Bluff Golf Course to accommodate a dedicated driving range. A preliminary opinion of probable cost is also included.

Based on approximately 25,000 rounds played annually, staff estimate driving range utilization would represent 20%–25% of total rounds. This level of use equates to an estimated 5,000–6,250 range buckets sold annually. At a price point of \$7 per 30-ball bucket, projected annual driving range revenue is estimated at approximately \$35,000 to \$43,750, exclusive of any additional operating or maintenance costs associated with this service amenity.

Auditing Services

The District's three-year agreement with Sikich for auditing services has concluded. Staff recommend requesting a proposal for a new three-year agreement with Sikich. The proposal from Sikich will be presented to the Executive Committee upon receipt for consideration.

Reports

Budget Performance Report

The FY26 Budget Performance Report as of December 31, 2025 is enclosed. The District is now midway through its fiscal year (July 1 – June 30). Overall, appropriated funds remain in good to fair condition, largely attributable to drier-than-average conditions and above-average temperatures during September and October.

As customary, transfers of appropriation will continue as needed to address unforeseen circumstances. If expenditures continue as anticipated, staff do not expect the need to increase appropriations in any fund other than those associated with grant revenues received during the fiscal year.

Staff Reports

December weather conditions were mixed, with snow and extreme cold during the first half of the month due to a polar vortex, followed by moderate to above-average temperatures in the latter half. These conditions supported limited seasonal use, including sledding and trail activity.

Participation in the Loud Thunder archery program declined as the hunting season progressed. To prevent road damage, access to Illiniwek and Loud Thunder was restricted; full access is anticipated by April 1 or earlier, subject to ground conditions. The golf course was closed, though limited clubhouse activity occurred, including gift certificate and merchandise sales. Niabi Zoo experienced strong holiday-related sales through Christmas merchandise and online gift cards.

Given the District's seasonal operational cycle, many staff utilized scheduled leave during the holidays. Annual equipment maintenance, minor repairs, and winter projects—including picnic table repairs, tree pruning, and hazard tree removal—are underway. Staff

will shift focus to forest management planning, prescribed burns, and upcoming projects in the coming months. Additional detail is provided in the individual staff reports.

Union

No grievances were received during the month of December.

Miscellaneous Updates and Upcoming Items

- **Kilgore v. District Litigation:**

District counsel has filed a motion for summary judgment in the matter of *Katy Kilgore v. Rock Island County Forest Preserve District d/b/a Niabi Zoo*.

Plaintiff's counsel will have the opportunity to respond, followed by a reply from the District. Judicial review may take up to six months. The court will determine whether the matter is dismissed or proceeds to trial.

- **Grant Activity:**

The District is awaiting decisions on three grant applications:

1. Bike Path Fund grant for resurfacing the Great River Trail (Cordova to Rock Island County line)
2. OSLAD grant for a splash pad, dinosaur dig playground, and education outpost at Niabi Zoo
3. Illinois DCEO grant to offset construction costs for the Big Cat House at Niabi Zoo

Matching funds for the Bike Path and OSLAD grants are included in the tentative FY27 budget.

- The final report for the prior Bike Path grant was resubmitted in November following corrections.
- The quarterly Illinois Finance Authority report for the EV charging station grant was submitted and approved; the next report is due April 1, 2026. Installation has been delayed slightly due to holiday scheduling constraints.
- FY27 budget updates were completed to reflect the 2026 IMRF rate, employee health costs, and staffing adjustments at Niabi Zoo.

- **IMRF:**

The 2026 IMRF rate is 7.91%, up from 7.55% in 2025. Preliminary investment returns are positive, and with the District's additional payment, staff anticipates a modest rate decrease for 2027.

- **Operational and Administrative Updates:**

- Engaged Legat Architects for a preliminary scope and cost estimate for a golf simulator at Indian Bluff
- FOIA Officer annual training scheduled for completion by month-end
