Testimonial

"I was able to move my services to UNA on October 1, 2023. I now feel like I am in a place in my life that I haven't been in probably 5 to 10 years. I have people who are in this organization who actually care about me as a person instead of a dollar sign. I guess you can say that I got my life back and I am going to live out my dream because I always wanted to live in my own house with support. There will be more good things that will be coming my way..."
