

#ItsTimetoShine

Visit: calltoshine.rocks to participate!

Through creative expression, you can inspire others to feel the positive power of connection and shine a light on the events and issues that are shaping our lives and our futures!

Now it is *your* turn to shine *your* light. Creative Visions and Planet Classroom Network invite you to create or share your thoughts, feelings, hopes and desires for the world you want. You can use any medium – art, music, dance, drama, film, photography, short stories, essays, or even an innovative solution to a local or global problem. We want to hear from young people around the world, ages 13 – 25, as they use their voices and talents to inspire hope and let their creativity shine!

An online International Gallery of Light will showcase the SHINE media expressions and inspire others to feel the positive power of creative connection. Some questions to get you started:

- How did you shine through the recent challenging times?

- How do you want to bring light to our world moving forward?
- What is your hope for humanity and the world?

Submissions will be accepted through Sunday, August 15, 2021 at midnight (PST) on the website www.calltoshine.rocks. The following mediums will be accepted:

Visual Arts: drawing, painting, comics, film, video, digital art, animation, sculpture, photography, etc.

Performing Arts: dance, music, spoken word, drama, etc.

Written Arts: poetry, short story, advocacy letter, essay, reflection, article, etc.

One submission from each age category (13-15, 16-19 and 20-25) will be awarded a \$100 gift card and a mentorship session from a member of the Creative Visions Creative Activist Network. All eligible entries will be displayed in the online gallery. For more information and participation guidelines visit the SHINE website.
