How to add emails:

Once you get to step 10 on the previous page, the goal is to add as many emails as possible. Refer to the list above for some ideas.

Adding in business emails is a great way to expand the reach of the campaign.

You can actively add emails prior and during the campaign.

How to add Texts:

Once you get to step 10 on the previous page, the goal is to add as many texts as possible after your emails. Refer to the list above for some ideas.

We will send out automated texts from May 5th to May 17th.

You can actively add texts prior and during the campaign. See how to text the campaign from your phone to the right.

How to text the campaign once live:

Automated texts will stop after May 17th so between May 18th and June 2nd is the optimal time to send the campaign out from your phone. Log back into your Snap! Raise profile and head to your dashboard. From here, click "add texts" and click "copy message." Then you can type in the desired contact and send.
