

The Word with Children

Imagine yourself on one side of a deep, wide river.

On the other side you dimly see a beautiful garden with wonderful fruit trees. You are hungry. How could you get across the river to bring back some fruit? The current is too strong for you to swim.

Perhaps you would find someone strong enough to swim there for you, or someone who would take you in a boat. The garden of God's love is much more beautiful and much more wonderful than we can ever imagine. And Jesus is the one who takes us to meet the gardener God, and who shares with us all the gifts God grows and gives to all who ask.
