

The Word with Children

What are some things you wonder about? (Share some of your own.) Nicodemus was curious about many things and came to Jesus asking for answers.

When Jesus tried to tell him, he still questioned.

Jesus loved him, and patiently tried to help him understand. When we have questions, we can ask Jesus about them too, and listen for what he tells us. But the answer to everything is really Jesus himself, for he not only told us, but showed us how much God loves us and the world.
