Applications:

Collectively

- A. Things are not getting better globally. Satan and his minions will not stop controlling nations. There will be no peace until it comes through the Warrior King, Jesus Christ. Mankind is not the source for peace.
- B. Every nation that God wants to fall will fall and every nation that God wants to stand will stand.
- C. God allows satan to have his time on earth.
- D. God will consume His enemies in the end, but not now.

Personally

- A. We need to look at people differently. We are not fighting against people.
- B. The unseen spiritual war raging around us is real and has a lot to do with all of our own ungodly conflicts. Satan knows how to team up with our flesh.
- C. Putting on the whole armor of God is essential for us to wage war in a godly manner.
- D. Prayer must become or “go-to” position. We too often seek earthly opinions rather than answers from God through prayer and His Word. When we are at our limits, then we must pray and fast.
