## Questions for further application of God's Word:

### GO DEEPER

What does the phrase divine appointment mean? What are some divine appointments that a follower of Jesus Christ has experienced and/or will experience?

### GET PERSONAL

How does God want to use you as He sovereignly orchestrates His plans?

### PUT INTO PRACTICE

God has called you into a relationship with Him. God has given you His Spirit. God has given you spiritual gifts. God has given you His Word. God will give you His grace. Finally God has placed you in the body for such a time as this. What is controlling you and explain? Is it a crisis, a crossroad, fear, or is it faith? Faith without works is no faith at all.

### ADVANCED QUESTIONS

Describe some divine appointments that you see in the Old Testament and in the New Testament and describe what God was doing.
