## Questions for further application of God’s Word:

### GO DEEPER

What are the three different stages of redemption for believers?

Read Romans 8:28-29. Are those three stages present in this text? Are there more than three?

How are they different?

### GET PERSONAL

Explain the relationship between your behavior and God’s treatment of you. Does He reward good behavior? Does He punish bad behavior?

Are you bargaining with God? Do you subconsciously hold a set of expectations about how God should be treating you based on your life? What are some of those?

Are we free to live however we want after we’re saved? Where are the boundaries of our freedom in Christ?

### PUT IT INTO PRACTICE

Read Revelation 21-22. What excites you most about eternity?

How is your faith working in love?

### ADVANCED QUESTIONS

Read Genesis 17. What is the Abrahamic Covenant?

Is it still in effect?

Has it shaped any modern day church practices?
