## **Questions for further application of God’s Word:**

### **GO DEEPER**

Why is it important to have elders? Should elders passively address the teaching of unsound doctrine in the church in order not to offend anyone? Why? What has happened to many of the denominations in the US because of unchecked false teaching?

### **GET PERSONAL**

Have you been impacted by unsound doctrine? What was it? What was the impact on your spiritual health? Where are you now with it? How did you regain your spiritual compass?

### **PUT INTO PRACTICE**

What is your role in maintaining sound doctrine within our church?

### **ADVANCED QUESTIONS**

How does biblical triage apply to keeping our church spiritually healthy. Tier 1 – Non-negotiables, doctrine that we must agree with as a church body, Tier 2 – Agree to disagree between churches or denominations on a doctrine, Tier 3 – Agree to disagree within our church on a doctrine. Refer to Pastor Tony’s message “E Pluribus Unum” Acts 11:1-18, end of message applications. Give examples in each Tier and discuss sound and unsound doctrine. Remember what Pastor Tony said, “In essentials, unity. In nonessentials, liberty. In all things, charity.”
