The Desert Adventures Team

Group Jeep Tours

San Andreas Fault / Metate Ranch

Journey Through The San Andreas Fault Zone

Extraordinary scenery abounds as your Big Red Jeep winds its way through the labyrinth of geological cuts and canyons of the San Andreas Fault Zone. Along the way your naturalist guide will describe the plants, animals, geology, and seismology of the San Andreas Fault. Take a walk between the steep walls of canyons created by plate tectonics, water, wind, and time and enjoy spectacular views and unique geologic features as your guide describes the powerful geologic forces and local history that shaped the Coachella Valley.

Explore A Natural Palm Oasis

Visit a natural palm oasis where crystal-clear water bubbles up year-round from the underground aquifer. Here, you will learn how the Cahuilla Indians used desert plants for food, medicine, shelter, tools, and weapons and how they built and maintained a vibrant culture in this arid and inhospitable environment.

Tour A Recreated Cahuilla Indian Village

Enjoy a guided tour of a recreated Cahuilla Indian Village that sits on the former site of the ancient Cahuilla Village site of Paltewet. Your guide will share stories about the culture and lifestyle of the Cahuilla People as you tour a ceremonial long-house, sweat lodge, and kishes (family huts) adorned with interpretive displays. A short walk takes you to an authentic grinding stone (Metate) that sits on the hillside above the village.

Group Jeep Tours

Double-Rounds Jeep Tour

At Metate Ranch

We can accommodate up to 200 guests in approximately 3 hours on our San Andreas Fault Jeep Tour by offering the tour in double rounds.

The way this works is that we bus the whole group to Metate Ranch at the same time. Upon arrival, we will break the group into two groups.

One group will board the Jeeps and depart on a Jeep Tour to the canyon side of the property where they will explore the twisted and tortured landscape of the San Andreas Fault. Guests will be in awe of the geologic formations as their Jeep winds its way through the labyrinth of cuts and narrow, steep-walled canyons of the fault zone.

The other group will embark on a guided tour by foot which will include an easy hike/nature walk through a natural palm oasis and a guided walking tour of a recreated Cahuilla Indian Village.

After about 1.5 hours the groups will switch. Guests who were in the Jeeps will enjoy the walking portion of the tour while the guests who started on foot will enjoy the Jeep portion.

Guests will still see and do everything they would on a regular single-round San Andreas Fault Jeep Tour with this option.

After the activity, the group will return to the hotel by bus.

Customized programs incorporating team-building activities, a lunch or other components are also available. Please contact us for more information.

Hiking Tours

San Andreas Fault / Metate Ranch

Explore a "desert badlands" and the strange and eerie world of the San Andreas Fault.

You will be thoroughly entertained and enthralled as your expert naturalist guides bring the desert and its geology and history to life.

Guests will explore spectacular steep-walled canyons on foot. See twisted and tormented landscapes, warped and bent by the powerful movement of the Earth's crust. Learn how tectonic forces created the slanted, vertical and wave-like structures that have been described as the most tortured landscape on earth.

The truly adventurous can climb from the bowls to the crest of the fault line up a 10-foot ladder to enjoy spectacular views of the Coachella Valley.

Difficulty:

Metate Ranch offers a variety of hiking options ranging from a short and easy hike through a wide, flat canyon to a moderate 4-mile ladder hike to the top of the fault line.

Our San Andreas Fault Jeep Tour can also be offered as a hiking experience to guests who want to journey deeper into the fault zone (the Jeeps can access trailheads deeper in the canyons) or for groups seeking a more intimate or personalized experience (there are a maximum of 7 guests per guide on hiking tours by Jeep).
