

AUTOMATE MEMBERSHIP MANAGEMENT BEYOND A DATABASE

We provide a membership management system that goes beyond simply managing member records, the system also helps build membership opportunities. Our programs are used by hundreds of chambers and tens-of-thousands of members in over 40 states. Our references speak volumes, but our monthly membership reports prove the value of membership.

MEMBERSHIP SALES EDUCATION, PROSPECT TOURS, ORIENTATIONS, & ONBOARDING

Chambers or associations with limited budgets will appreciate that our team of member assistants and trainers provide you and your members with amazing personal service. We never sell your members anything. We know it is harder today to signup new members so we're doing some amazing things to make that process much easier for you.

Chamber Nation is designed from the ground up to help our customers grow and retain membership. *Yes we offer technical support, but honestly the majority of our customers depend on us for much more than that.* Everything from adding powerful tools to a customer's website at no added cost, to handling the member onboarding, our member engagement team has you covered.
