ANGULAR SILESTONE®

PRISGRUPPE 1

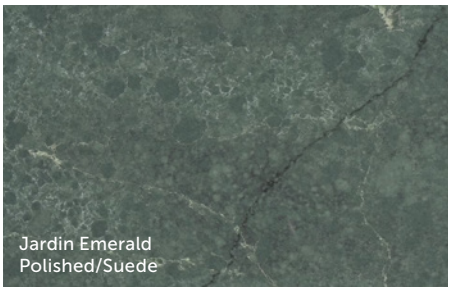

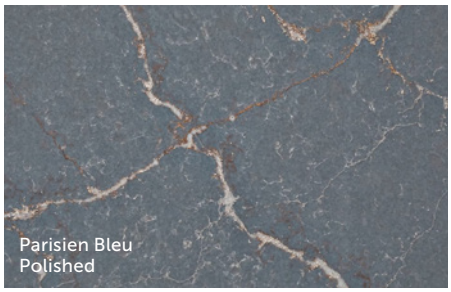

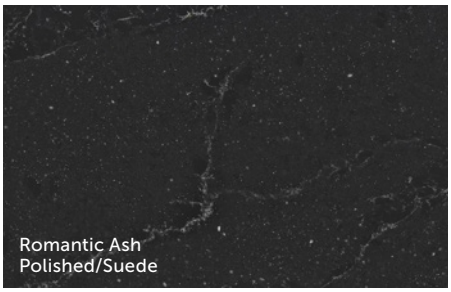

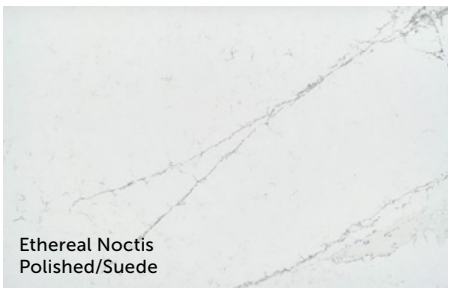

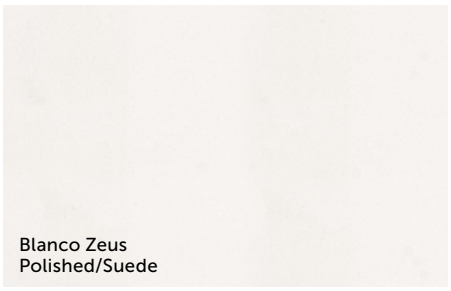

Silestone® er et kvartsbasert materiale med minst 20 % resirkulerte materialer. Det er vakkert som naturstein, med en både sterk og motstandsdyktig overflate. Samtidig er det produsert etter de mest moderne teknikker, med vekt på å ta maksimalt hensyn til miljøet. Dermed er det også et bærekraftig valg.
