

ELEMENTARY SUMMER CAMPS

Discover. Grow. Thrive.

Together.™

Wheaton Montessori School Summer Camps are led by the same expert teachers your child knows and loves during the school year. These camps combine classroom and outdoor learning through hands-on activities that spark independence, creativity, and joyful collaboration. Each themed session blends purposeful learning with active play and includes a Summer Celebration Day, featuring a picnic, ice cream floats, and trips to the local pool or splash pad, parks, and museums. We hope you'll join us all summer!

Cardboard Architecture

Session 1: June 1st through June 12th

Your campers explore, design, and construct using cardboard as their primary material. Children will plan, build, test, and reimagine large-scale structures while developing teamwork, spatial reasoning, and confidence in engineering.

World of Wonders

Session 2: June 15th through July 3rd

Join us on a journey around the globe as campers explore cultures from near and far. Through hands-on projects, art, and activities, your children appreciate diversity, celebrate traditions, and see the world with curiosity and respect.

The Art of Making Soft Things

Session 3: July 6th through July 17th

Your campers will design, stitch, weave, and build soft materials into bold, hands-on projects that mix art, texture, and imagination. We'll be playful, expressive, and all about turning ideas into creations.

Galactic Dreamers

Session 4: July 20th through August 7th

Blast off on an interstellar adventure where imagination knows no limits. Your campers will explore the galaxy through space-inspired projects, including painting and sculpting, all while dreaming big and creating it.
